Rhonda Raymond, 8-year-old daughter of Mr. and Mrs. William Raymond of Ringgold, remained in critical condition today in Children's Hospital as a result of injuries sustained 4:55 p. m. Wednesday.

She was seriously hurt when struck by a car operated by Phillip Ray Stone, 26, of 145 W. Union St. The accident occurred in Ringgold directly in front of Bell's Grocery on Route 188.

Rhonda, her sister Lisa, and Terri Bethel had been at the store. Two of the children had crossed the road. Rhonda waited a few seconds, and then suddenly darted into the road into the path of the car driven by Stone.

Rhonda was taken immediately to Children's Hospital, Columbus. She sustained massive head injuries, internal injuries and severe fractures of both legs.

She is in the intensive care ward at the hospital.

THE injured girl was a student at Walnut Twp. elementary school.

The accident is still under investigation by the Pickaway County Sheriff's office. Sheriff Dwight Radcliff indicated today that Stone will not be cited, because there was no apparent violation of any traffic law.

Stone told the sheriff he was driving about 30 miles per hour as he entered the village. He saw two girls run across the road from the store.

He did not see the injured girl until almost the instant of impact. Rhonda is one of five children of the Raymond family.

## Viet Policy Is Defended By General

SAN ANTONIO, Tex. (AP) — Air Force Chief of Staff Gen. John P. McConnell says valuable bombing targets in North Vietnam are being spared to "remind the enemy that additional pressure could be brought to bear on him."

The general, speaking at a dinner Wednesday night, said those spared targets, which have "obvious vulnerability to destruction by air power," also "provide persuasive evidence that our air weapons are being used with great restraint."

"We nevertheless are clearly in a position to increase the weight of our air attacks to any level that may be required to help achieve our national objectives," he said.

McConnell said evidence from reconnaissance and prisoner interrogations indicate "the enemy has been hurt far more severely than his actions and words indicate."

"We have destroyed a large percentage of his oil storage capacity, over half of his electric power output, most of his facilities for ammunition storage and production and his major military supply depots," the general said.

## New Abortion Proposals Not Enough, Expert Says

WASHINGTON (AP) — Some participants in an International Conference on Abortion say proposals in many states to liberalize existing laws would probably affect only a minority of illegal abortions.

Such statements were made Wednesday in a paper by Prof. Louis B. Schwartz of the University of Pennsylvania Law School, and at press briefings by Dr. Christopher Tietze, a statistical expert; and New York Assemblyman Albert H. Blumenthal.

The three-day conference is being sponsored by the Harvard Divinity School and the Joseph P. Kennedy Jr. Foundation.

Schwartz, who helped write the American Law Institute's model penal code, admitted its proposals to permit abortions to protect the mother's mental or

## 600,000 Pupils Out of Classes; Total to Rise

By THE ASSOCIATED PRESS

Classes have been postponed for more than 600,000 youngsters as several of the nation's school systems have closed because of teacher salary disputes. The number could increase to more than two million by next week.

Detroit School Supt. Norman Drachler put off indefinitely today's scheduled school opening for 300,000 youngsters. In New York a deadlock continued toward a Monday deadline.

Michigan was the hardest hit of the states, with almost a half-million youngsters in some 17 districts on extended vacations "until further notice." Teachers picketed in some Michigan cities.

In New York the Board of Education accepted a proposal by Mayor John V. Lindsay's mediation panel for a two-year, \$125-million contract between the teachers union and the board.

## Forest Fires Dying Down In Northwest

By THE ASSOCIATED PRESS

An end to the Northwest's siege of timber blazes appeared in sight today as a break in summer weather gave fire fighters their first big advantage in weeks.

The remaining trouble spots—North Idaho and British Columbia—were expecting only light breezes and temperatures in the 70s and low 80s, the U.S. Weather Bureau said.

Elsewhere in the vast forest areas from the Pacific to Montana, mop up operations were under way.

A Pacific front which moved across the region Wednesday night brought an apparent end to a month of 90- and 100-degree readings.

Damage estimates—though still unofficial—ran as high as 350,000 acres for the summer.

In western Canada—where officials say 200,000 acres have been blackened—a second mild Pacific front was reported en route.

In Oregon and Washington, most of the forest lands closed last week were being reopened.

## Belpre Man Gets Life in Prison

ST. MARYS, W.Va. (AP) — Jack David Hart, 25, of Belpre, Ohio, was sentenced to life in prison here Wednesday for the slaying of a Parkersburg used car dealer.

Pleasants County Circuit Court Judge Max Deberry pronounced the sentence on Hart, who was convicted of first-degree murder in the fatal shooting of Clyde Williams, 45, of Parkersburg.

Williams, who also was a Wood County constable, disappeared from his car lot last February. His body later was found in an abandoned well in Pleasants County.

## French Seek Polish Help To End War

WARSAW (AP) — President Charles de Gaulle after a tumultuous welcome from nearly half a million Poles called on his Communist hosts Wednesday night to join France in getting the United States out of Vietnam.

The 76-year-old French leader, a longtime critic of U. S. policy in Vietnam, suggested that France is ready to undertake a bigger role in bringing peace to the Southeast Asian battleground.

"If an opportunity arises one day," France and Poland could join forces toward "bringing about an end to the bombing, fighting and presence of foreign armed forces," the French president said at a Polish state reception soon after he arrived for a six-day visit.

De Gaulle's speech omitted past criticism he had made of the United States. He said Poland and France might join in efforts for peace because Poland is a member of the International Control Commission for Vietnam while France has "numerous ties and possibilities" linking it with its former Indo-Chinese colonies.

Poland's last known Vietnam peace effort was in late 1966. Polish officials charged that efforts to arrange contacts between the United States and North Vietnam in Warsaw were sabotaged by U. S. bombing of Hanoi suburbs in mid-December.

De Gaulle said a Vietnam settlement should include the ending of hostilities and withdrawal of foreign troops, "next to establish the internal and external political status provided for about 13 years ago by the Geneva agreements, and finally a revival of this horribly bled and devastated area."

Speaking to Polish Communist party leader Wladyslaw Gomulka, President Edward Ochab and about 300 Polish officials and diplomats, De Gaulle restated his support for the present Polish-German boundary, which he said "must stay."

## 70 Marines Killed in Hard Battle

DAYTON, Ohio (AP) — Employees of General Motors' two huge Frigidaire Division plants here were on strike today. A union spokesman said the surprise walkout affects some 12,000 workers.

Second and third shift employees left their jobs at midnight Wednesday when their contract expired and set up picket lines.

Joseph Shump, president of Local 801, International Union of Electrical Workers (IUE), said the union had offered to continue working under the old contract and charged GM with refusal "to engage in true collective bargaining."

Early Wednesday evening, Frigidaire spokesmen said they had no advance warning of a strike.

But Vernon Lewis, manager of Industrial relations for Frigidaire, said later the strike would not shut down the plants, which produce refrigerators, food freezers, home air-conditioners, ranges and other household equipment.

"Our plants will be open and work will be available "for employees who want it," he said. Shump said the union told GM "there had not been enough time for true bargaining and they have not addressed themselves to our issues."

He added that the union requested an extension of the present contract "due to the lateness of their (GM's) proposal last week." Shump said the company had offered a new proposal.

"At this point we have resolved two" of 52 union demands, Shump said. He listed the main issue as pensions, unemployment benefits and wage increases. It was not learned how much wage increase the union is seeking or what GM offered.

Officials indicated that negotiations will continue.

## Losers Ask Recount in Viet Election

SAIGON (AP) — Six civilian presidential candidates in South Vietnam asked the Constituent Assembly today to void the election of Nguyen Van Thieu, claiming they have evidence it was rigged.

"Each of us is making separate complaints. I have six," said Truong Dinh Dzu, the Saigon lawyer who ran second to Thieu and his running mate, Premier Nguyen Cao Ky, in the election last Sunday.

The government countered with charges that the Viet Cong electioneered on behalf of Dzu. The official government news agency Vietnam Press quoted a captured Viet Cong to back up the charge.

Four of the candidates told newsmen they are joining with four others defeated in the elections to form an antigovernment front that does "not recognize these fraudulent elections."

"We are asking for a nationwide recount of all the provinces," Dzu said.

The assembly must rule by Oct. 2 on all charges of election irregularity. If it finds too many of them, it can nullify the election and call a new one.

Most of Saigon's Vietnamese-language newspapers printed an Associated Press report from Washington that expert officials there noted Dzu's areas of voting strength included some of the most insecure in South Vietnam and considered it conceivable that there was some Viet Cong support for him.

Vietnam Press claimed that police in Kien Giang Province had captured a Viet Cong agent whose "confession" said the Viet Cong had "ordered their subordinates to urge the people to vote for the Truong Dinh Dzu slate."

## Earthquake Hits 'Frisco; None Injured

SAN FRANCISCO (AP) — An earthquake rocked San Francisco today at 5:42 a.m. There were no immediate reports of injuries or damage.

The police department, moments later, reported receiving 15 or 20 telephone calls about the quake but no report of either damage or injury.

Telephone switchboards blazed at radio stations, newspapers and the police department in San Jose, some 50 miles south of San Francisco, but no report of serious trouble was made.

At Hollister, south of San Jose, the police department described the quake as "violent" although patrolmen there, too, could not find any serious damage immediately.

Dr. Charles Richter, at the California Institute of Technology in Pasadena said his seismograph did not record the quake clearly. Richter said more data would be available later.

## 2.8 Mills Asked

## City Voters To Decide Levy

Circleville Board of Education, meeting in special session Wednesday evening, voted unanimously to place a 2.8 mill levy on the November ballot.

The additional funds are urgently needed for current expenses, the school board said.

The board pointed out immediate needs exist for funds to:

1. Replace the cutback of approximately six teachers. This reduction took place this year due to the failure of the levy last fall and again in the spring. This has resulted in some overcrowded classrooms within the city district.

2. PURCHASE of needed supplies and textbooks. Cutbacks and postponement have been

made in both these areas since previous defeats of the levy.

3. Reinstatement of curriculum areas and make possible a full academic program.

The board decided to reduce the amount of the levy from the previous 3.5 mill request to 2.8 mills due to an improved School Foundation Program which provides some additional funds which are fully reimbursed by the state.

Additional millage must be voted by the Circleville City School District voters before December 1968, in order to receive any funds from the state due to the new higher local minimum support millage required by new legislation, the board noted.

## Three Girls Are Slain; Man Hunted

AUBURN, Ala. (AP) — Three young girls were slain today, and a former suitor of another girl who escaped was charged with three counts of murder.

Police Chief Fred Hammock said three warrants were issued for Edward Albert Siebold, 21, a former Auburn University student who once dated an older sister of two of the slain girls. He was not apprehended immediately.

The victims were identified as Mary Lynn Sinclair, 9; her sister, Sarah Elizabeth Sinclair, 13, and Mary Durant. Police said Mrs. Juanita Sinclair, about 40, a widow and the mother of two of the victims, was wounded.

Officers said two other Sinclair sisters, Kathy, 20, and Fay, a teen-ager, were in the house but escaped. The killings occurred at the family's two-story home in downtown Auburn.

Riot Control Measures Approved in Hamilton

HAMILTON, Ohio (AP) — Three major ordinances providing the city with additional power to deal with civil disturbances were approved by Hamilton City Council Wednesday night.

One ordinance delegates the mayor authority to declare a state of emergency when civil incidents occur and another regulates the possession of explosives and flammable devices.

Pvt. Lloyd R. Hughey, son of Mrs. Minnie Hughey, 360 Walnut St., was killed in action in Vietnam on Sept. 2, according to information received here today.

PFC Hughey, a truck driver, was killed when his convoy was ambushed. He was serving his second enlistment and his second tour of duty with the United States Army in Vietnam. Funeral arrangements are incomplete.

## Arbitration Plan Spurned By Company

DETROIT (AP)—The United Auto Workers Union struck the Ford Motor Co. today, paralyzing the nation's second largest automaker and shutting off production of its 1968 models in 25 states.

No new negotiation meetings were scheduled. In contrast to the mass picketing of former years, only token picket lines appeared at most plants.

Although the walkout brought Ford's assembly lines to a halt, the strike was not expected to dry up the firm's supply of new cars entirely.

A spokesman for the company said that under the American-Canadian free trade agreement, cars will still be shipped across the border. He emphasized, however, that Ford does not plan to increase its Canadian production of Falcons and pickup trucks.

If the strike is a long one, Canadian production would be halted in about two weeks because of a shortage of parts from Ford plants in the United States.

The strike cut off all production in American plants, which normally produce some 8,000 cars a day and raised the possibility of severe damage to its standing in the highly competitive markets that General Motors and Chrysler will continue to feed with their 1968 models.

As it lengthens, effects of the strike could spread through the steel, trucking and railroad industries which Ford uses heavily for materials and transport of its cars.

The company, second in size to GM in the automaking field, was last struck nationally in 1961.

Just 30 minutes before the Wednesday midnight expiration of the old three-year contract, Ford rejected a proposal by UAW President Walter P. Reuther for binding arbitration to dissolve the impasse.

By then, and with no sign of progress in eight weeks of bargaining, many of the UAW's 159,000 members at Ford plants already had walked off the job anticipating the strike.

President Johnson has said he fears the stoppage will damage the nation's economy.

Minutes after the strike began, Reuther told newsmen at Ford headquarters in suburban Dearborn that he was "most disappointed."

He had said earlier this year "this union is going to be tested like it has never been tested before," and he told the news conference: "I think Ford workers

## Strike Idles 28,000 in Ohio Plants

CLEVELAND (AP) — Members of the United Auto Workers at 11 Ford Motor Co. plants in Ohio joined in a nationwide strike against the company at midnight Wednesday.

A Ford spokesman said at no plant in the state did the workers walk out before the midnight strike deadline. He said they left their jobs in an orderly fashion when the deadline came, however.

Pickets appeared at some of the plants, but at others picketing was not started immediately. There were no night shifts at Ford's parts depot in Cleveland and Cincinnati and workers there won't be affected until the normal starting time today.

The strike will idle some 28,000 UAW members in the state and their weekly payroll is about \$5 million.

Ford employs 16,097 hourly workers with a weekly payroll of \$3 million in the Cleveland-Lorain area. There are five plants and a parts depot in the area.

## 70 Marines Killed in Hard Battle

SAIGON (AP) — American Marines and some 4,000 freshly equipped North Vietnamese regulars locked in a fierce battle over the blood-stained rice paddies of the Que Son valley today with 188 Communist soldiers and 70 Marines reported killed.

More than two battalions of Marines sweeping through the paddies and bamboo stands west of Tam Ky hit the Communist force late Wednesday. The battle raged through the night with the Marines and the North Vietnamese alternately charging.

There was frequent hand-to-hand fighting beneath the flickering yellow glow of parachute flares.

The battle raged less than a mile from the scarred field where 150 North Vietnamese soldiers were cut down Monday and Tuesday. The Reds have lost 338 killed and 23 captured in the valley in these two battles, and 219 Viet Cong were killed and 16 captured in an abortive attack on the town of Tam Ky early Wednesday.

Marine casualties in the Que Son valley fighting now total 124 killed and 278 wounded.

## 2.8 Mills Asked

## City Voters To Decide Levy

Circleville Board of Education, meeting in special session Wednesday evening, voted unanimously to place a 2.8 mill levy on the November ballot.

The additional funds are urgently needed for current expenses, the school board said.

The board pointed out immediate needs exist for funds to:

1. Replace the cutback of approximately six teachers. This reduction took place this year due to the failure of the levy last fall and again in the spring. This has resulted in some overcrowded classrooms within the city district.
2. PURCHASE of needed supplies and textbooks. Cutbacks and postponement have been

made in both these areas since previous defeats of the levy.

3. Reinstate curtailed curriculum areas and make possible a full academic program.

The board decided to reduce the amount of the levy from the previous 3.5 mill request to 2.8 mills due to an improved School Foundation Program which provides some additional funds which are fully reimbursed by the state.

Additional millage must be voted by the Circleville City School District voters before December 1968, in order to receive any funds from the state due to the new higher local minimum support millage required by new legislation, the board noted.

## Arbitration Plan Spurned By Company

DETROIT (AP)—The United Auto Workers Union struck the Ford Motor Co. today, paralyzing the nation's second largest automaker and shutting off production of its 1968 models in 25 states.

No new negotiation meetings were scheduled. In contrast to the mass picketing of former years, only token picket lines appeared at most plants.

Although the walkout brought Ford's assembly lines to a halt, the strike was not expected to dry up the firm's supply of new cars entirely.

A spokesman for the company said that under the American-Canadian free trade agreement, cars will still be shipped across the border. He emphasized, however, that Ford does not plan to increase its Canadian production of Falcons and pickup trucks.

If the strike is a long one, Canadian production would be halted in about two weeks because of a shortage of parts from Ford plants in the United States.

The strike cut off all production in American plants, which normally produce some 8,000 cars a day and raised the possibility of severe damage to its standing in the highly competitive markets that General Motors and Chrysler will continue to feed with their 1968 models.

As it lengthens, effects of the strike could spread through the steel, trucking and railroad industries which Ford uses heavily for materials and transport of its cars.

The company, second in size to GM in the automaking field, was last struck nationally in 1961.

Just 30 minutes before the Wednesday midnight expiration of the old three-year contract, Ford rejected a proposal by UAW President Walter P. Reuther for binding arbitration to dissolve the impasse.

By then, and with no sign of progress in eight weeks of bargaining, many of the UAW's 159,000 members at Ford plants already had walked off the job anticipating the strike.

President Johnson has said he fears the stoppage will damage the nation's economy.

Minutes after the strike began, Reuther told newsmen at Ford headquarters in suburban Dearborn that he was "most disappointed."

He had said earlier this year "this union is going to be tested like it has never been tested before," and he told the news conference: "I think Ford workers

## Strike Idles 28,000 in Ohio Plants

CLEVELAND (AP) — Members of the United Auto Workers at 11 Ford Motor Co. plants in Ohio joined in a nationwide strike against the company at midnight Wednesday.

A Ford spokesman said at no plant in the state did the workers walk out before the midnight strike deadline. He said they left their jobs in an orderly fashion when the deadline came, however.

Pickets appeared at some of the plants, but at others picketing was not started immediately. There were no night shifts at Ford's parts depot in Cleveland and Cincinnati and workers there won't be affected until the normal starting time today.

The strike will idle some 28,000 UAW members in the state and their weekly payroll is about \$5 million.

Ford employs 16,097 hourly workers with a weekly payroll of \$3 million in the Cleveland-Lorain area. There are five plants and a parts depot in the area.

## Earthquake Hits 'Frisco; None Injured

SAN FRANCISCO (AP) — An earthquake rocked San Francisco today at 5:42 a.m. There were no immediate reports of injuries or damage.

The police department, moments later, reported receiving 15 or 20 telephone calls about the quake but no report of either damage or injury.

Telephone switchboards blazed at radio stations, newspapers and the police department in San Jose, some 50 miles south of San Francisco, but no report of serious trouble was made.

At Hollister, south of San Jose, the police department described the quake as "violent" although patrolmen there, too, could not find any serious damage immediately.

Dr. Charles Richter, at the California Institute of Technology in Pasadena said his seismograph did not record the quake clearly. Richter said more data would be available later.

## End Searching Missions, Protect People — Morton

WASHINGTON (AP) — Sen. Thurston B. Morton, a foreign policy spokesman of Republican moderates, says the United States should end its far-ranging seek-and-destroy missions in Vietnam and protect the populated part of the country.

## Three Girls Are Slain; Man Hunted

AUBURN, Ala. (AP) — Three young girls were slain today, and a former suitor of another girl who escaped was charged with three counts of murder.

Police Chief Fred Hammock said three warrants were issued for Edward Albert Siebold, 21, a former Auburn University student who once dated an older sister of two of the slain girls. He was not apprehended immediately.

The victims were identified as Mary Lynn Sinclair, 9; her sister, Sarah Elizabeth Sinclair, 18, and Mary Durant. Police said Mrs. Juanity Sinclair, about 40, a widow and the mother of two of the victims, was wounded.

Officers said two other Sinclair sisters, Kathy, 20, and Faye, a teen-ager, were in the house but escaped. The killings occurred at the family's two-story home in downtown Auburn.

## Riot Control Measures Approved in Hamilton

HAMILTON, Ohio (AP) — Three major ordinances providing the city with additional power to deal with civil disturbances were approved by Hamilton City Council Wednesday night.

One ordinance delegates the mayor authority to declare a state of emergency when civil incidents occur and another regulates the possession of explosives and flammable devices.

## Pvt. Hughey Killed in Vietnam War

Pfc. Lloyd R. Hughey, son of Mrs. Minnie Hughey, 360 Walnut St., was killed in action in Vietnam on Sept. 2, according to information received here today.

PFC Hughey, a truck driver, was killed when his convoy was ambushed. He was serving his second enlistment and his second tour of duty with the United States Army in Vietnam.

Funeral arrangements are incomplete.

## Grand Jury Indicts 22 During September Session

The Pickaway County Grand Jury concluded hearings at noon Thursday, returning 22 indictments and five "no" bills after a day and a half of consideration.

The jury called 27 witnesses. Five of the cases considered were "secret."

No bills returned, due to a lack of evidence, were James E. Donaldson, removing mortgage property; William R. Gumm, failure to provide for minor children; Roger Eugene Parker, assault with a deadly weapon; Ruth Wright, issuing checks with insufficient funds; Harold Temple, receiving and concealing stolen property.

The secret indictments were for manslaughter, one case of forgery, one grand larceny, and two cases of issuing checks with insufficient funds.

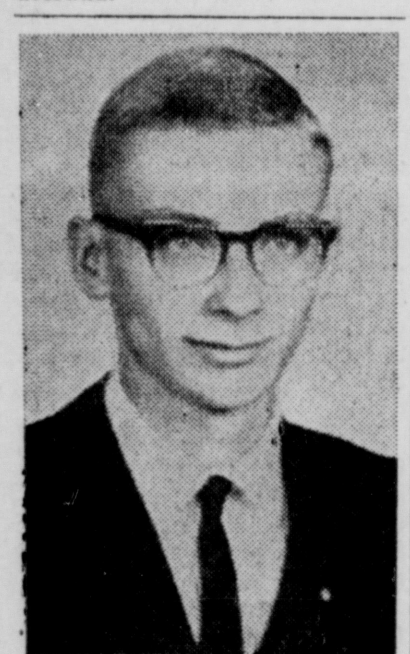

Indicted for failure to provide for minor children were:

Larry Richard Williams, Roy Downing, Teddy Lee Prusing, Dale R. McCabe, Junior Martin McKenzie.

Three men, John Fyffe, William Jackson, Arthur Crosby were indicted for having carnal knowledge of a female under 16 years of age.

Frank Auxier Daniels was indicted on a count of rape. Charles R. Keaton was indicted on a charge of assault on a female child under 16 years of age.

Robert Clayton Reynolds was indicted for burning property to defraud.

ROE K. RIEGEL

## Roe Riegel Delegate to Canada Meet

Roe Kenneth Riegel, Route 3, was a delegate of Rio Grande College Circle K to the 1967 International Circle K Convention held recently at Ottawa, Canada.

David Hersner of Hamilton, also a delegate, of Rio Grande College, traveled to Canada with Roe. The delegates held their convention at the Hotel Chateau Laurier in Ottawa.

The international by-laws were amended at the business meeting and the international officers were elected at the close and an installation of officers was held preceding the banquet on Wednesday evening.

The boys enjoyed meeting foreign delegates and the operation of the international convention.

After the convention, Riegel and Hersner traveled to Montreal to Expo 1967 for a few days before returning home.

Riegel is treasurer of Rio Grande College Circle K.

## Arbitration

(Continued from Page 1)

Henry Ford II, board chairman and grandson of the company founder, assailed the walk-out as "totally unjustified and completely unnecessary."

He called it "a bludgeon against the public interest," and "tragic in its implications for the whole nation."

The gap between the opposing positions was reflected in another news conference when Ford's top bargaining, Malcolm Denise, was asked if the two sides ever came close to a settlement.

"I think I can answer that with a flat no," he said.

General Motors and Chrysler, the other members of the Big Three, also stiffened Wednesday to the union demands. While agreeing to continue production and pay wages and benefits to workers according to contract provisions, they refused to extend the three-year pact that expired with Ford's at 11:59 p.m.

Union and company spokesmen said a decision on when to resume negotiations may not come until Monday.

There was no indication that Ford would present a new offer. Only a day earlier, Denise told newsmen Ford had no new proposal and was not preparing one.

In its only proposal thus far, Ford offered a general wage boost of 13 cents an hour, plus 2.8 per cent the last two years of a proposed three-year contract. The company said this would total a minimum of 34 cents.

The union demands, which Reuther calls "the longest and most ambitious in UAW history," have been estimated at from 90 cents to \$4 an hour per worker, compared to \$4.70 an hour per worker the companies now pay in wages and benefits.

Top UAW demands are for a substantial wage increase, an additional wage boost for skilled tradesmen, higher pensions, elimination of the disparity between Canadian and U.S. auto plant pay, and guaranteed annual income.

Ford made no mention of the last two items. The union said the Ford offer on the other issues was unsatisfactory.

The UAW strike fund, totaling \$68 million, would last about 18 weeks against Ford. The fund would go out in strike benefit payments of \$20 to \$40 to workers.

A Sept. 26 convention of 3,000 union delegates representing the 1.4 million UAW members is expected to boost union dues to finance the strike if it eats deeply into the fund.

Ford estimated the strikers will lose a total of \$5.2 million a day in wages each day of a strike—a wage loss of about \$33 per striker each day.

## Research Lab To Be Orbiting

CAPE KENNEDY, Fla. (AP)—A biological research laboratory filled with millions of bugs and plants is set to rocket into orbit as the first part of a space doubleheader.

The cargo of "astrobugs" is to rocket skyward today in the Biosatellite 2 spacecraft between 3 and 3:30 p.m. EDT. Less than 13 hours later, at 3:39 a.m. Friday, Surveyor 5 is to blast off from another Cape Kennedy launching pad, aiming for a soft landing on the moon.

Biosatellite 2 is to circle the earth for three days while its specimens grow, reproduce and eat to determine what happens to biological processes when subjected to weightlessness and radiation.

Aboard are such things as parasitic wasps, frog eggs, flour beetles, amoebae, vinegar gnats, wheat seedlings, pepper plants, bacteria and bread mold.

In all, there are more than 10 million things packed compactly in the spacecraft. When it returns to earth for recovery after 76 hours aloft, the passenger list

may have swelled to more than 13 billion, primarily through the rapid reproduction of bacteria-cells, which may multiply through as many as 20 generations during the flight.

Some might develop strange mutations either in space or after they return to earth. Some of the frog eggs, for example, will be allowed to develop into tadpoles and then to full-grown frogs.

With the 13 experiments, biologists will be able to study the growth and form of entire plants and animals, structure and growth of cells and tissues and basic chemistry of the individual cell.

Surveyor 5 will pack a camera, a magnet to pick up metallic material and a miniature "chemistry lab" to analyze the lunar soil to determine what elements are there.

The spacecraft will attempt a difficult soft-landing in the Sea of Tranquility near the Crater Molke. This is considered a likely spot for landing American astronauts.

## \$65,050 Suit Filed in Crash Of Pony, Car

Raymond Lindy Straight, Route 2, Orient, has filed a suit for \$65,050 against Gerald Hall and others as a result of an accident.

On Sept. 9, 1965, Straight was traveling on the Dennis McCord Road just north of Commercial Point when he struck a pony.

The pony had wandered on he road from property owned by Hall.

As a result of the collision, he was thrown from the car he was operating and re-injured his back, the petition claims.

## Motorists Fined, Jailed For OMVI

Four area persons were brought before the Municipal Court on charges of operating a motor vehicle while under the influence of alcohol.

Circleville City Police arrested Clarence Salyers, 46, Columbus, for drunken driving and Judge Sterling Lamb fined him \$200 plus cost, five days in the Pickaway County Jail and suspended his operator's license for one year.

Salyers was also fined \$100 plus costs and must spend five more days in jail for driving without an operator's license.

Helen Jester, 61, Route 2, was cited by the City Police for driving under the influence of alcohol. She pleaded guilty and was fined \$150 plus costs, sentenced to three days in jail and had her license suspended for six months.

Betty Fausnaugh, 38, Route 2, also pleaded guilty to OMVI and was fined \$150 plus costs, was sentenced to three days in jail and had her operator's license suspended for six months.

The Ohio State Patrol cited Merrell Routt, 45, of 421 Avon Dr. for driving under the influence of alcohol. In Municipal Court, he was fined \$200 and costs, sentenced to three days in jail and had his license revoked for six months.

Fred Stumbo, 21, Route 1, Stoutsville, forfeited \$29 bond on a charge of driving 54 miles in a 35 zone.

The Municipal Court collected \$727 from out-of-county motorists yesterday.

## 40 Cases Cleared from Court Docket

The Pickaway County Common Pleas Court cleared its docket of 40 cases during August, according to the monthly report completed by Sara M. Dresbach, clerk.

In August, 14 domestic relations cases were tried to court as well as one civil and one criminal case.

A total of 19 cases were settled out of court or dismissed, including 10 domestic relations cases, seven civil actions and two criminal actions. Five civil cases were disposed by cognovit court docket in August.

According to the report there were 202 cases pending at the beginning of the month and 219 at the end of the month. A total of 57 cases were added to the court docket in August.

A breakdown of new cases shows that 22 were domestic relations matters, 12 were civil and 23 criminal.

Cases presently pending include 99 domestic relation cases, 98 civil and 22 criminal.

In addition, there are 12 cases pending before the court of Appeals. Two were filed in this Court of Appeals this past month.

## 'Materialism' Of Churches Is Attacked

COLUMBUS, Ohio (AP) — The church is not going to solve anything by putting up a "super-structure" as "mere ecumenical planning will not meet the needs present day society," a Southern declared Wednesday night at a national church conference here.

"The real scandal of Christianity," said Dr. Clarence Jordan, "is not its ineffectiveness but its materialism and its denial of the faith. I cannot see uniting two segregated churches without resulting in a bigger monster."

Dr. Jordan, director of Koinonia Farm, an interracial community near Americus, Ga., addressed 1,800 Protestant and Roman Catholic delegates at the National Consultation on the Church in Community Life.

Dr. Jordan said the church needs to re-evaluate itself.

"Men try to remake the church into what they believe it should be, in their own image," he charged. "The church is responsible to God, not mankind. It must be where the action is and champion the causes of the poor and the disenfranchised—such as the Negro American."

## Youth Takes Classes on Front Steps

CLEVELAND (AP) — Nine-year-old Terence Cartwright is having special classes on the front steps of Coventry School in suburban Cleveland Heights while his father continues a dispute with the school board.

The father, David R. Cartwright, said he would meet today with Cleveland Heights-University Heights school officials to discuss the issue.

Cartwright wants to enroll his son only in courses he considers completely secular — mathematics, science, language and physical education—and wants Terence to receive religion-oriented instruction from Catholic diocesan teachers.

He was told Wednesday by the school board that the boy would be admitted only under normal enrollment. So Cartwright, Terence and two substitute teachers in the diocese conducted their own classes on the school steps, and Cartwright said he would hold the outdoor sessions again today.

But he said he hoped the issue could be decided soon so Terence could get inside a school. Terence, a fourth grader, attended St. Ann's Catholic school last year.

She was a member of the Calvary EUB Church.

Services will be 11 a. m. Saturday at the Defenbaugh Funeral Home with Rev. Gerald Niswender officiating. Burial will be in Forest Cemetery.

Friends may call at the funeral home beginning at 7 p. m. Thursday.

**MRS. JEAN HUNT**  
Mrs. Jean Hunt, 48, Sabina, died 3:30 a. m. Thursday in Fayette Memorial Hospital, Washington C. H.

She is survived by her husband, Samuel J. Hunt; one son, John David Hunt of Washington C. H.; and one daughter, Anna Louise, of the home; four grandchildren; three brothers, Billy Dennis, Clarksburg; Robert Dennis, New Holland; and Hugh Dennis, Greenfield; one sister, Mrs. William Rhine-smith of Williamsport.

Services will be 2 p. m. Saturday at the Littleton Funeral Home, Sabina. Burial will be in New Holland Cemetery.

Friends may call at the funeral home beginning 3 p.m. Friday.

## Mothers Set To Protest Low Welfare

CLEVELAND (AP) — More welfare mothers have threatened to join a school boycott started Wednesday by a group of mothers at the riverside public housing project on the West Side.

Mothers from all eight locals of the Welfare Rights Movement reportedly were prepared to join the boycott protesting low welfare allowances.

If all of them did so, some 5,000 youngsters would be involved, but it was not known how many would go along with the boycott.

Mrs. Carol Blane, co-chairman of the Rights Movement's local at the Riverside project, said about 50 children stayed home from Puritas Elementary School Wednesday.

Mrs. Blane said her four children need shoes, underwear, socks, boots and coats.

"But there are more children here who are worse off than mine," she said. "If we could even get hand-me-down clothes to get the kids back to school we'll do it."

## Ohio GM Plant Hit by Walkout

WARREN, Ohio (AP) — A walkout Wednesday night by about 100 body shop workers at General Motors' Chevrolet plant in nearby Lordstown was due to a misunderstanding, a company spokesman said.

The spokesman said the men apparently didn't realize the United Auto Workers' strike that began at midnight was aimed only at Ford Motor Co. plants. The body shop was closed briefly, but work continued elsewhere in the plant.

## Aden Hit by Strike; 27 Die in Fighting

ADEN (AP) — An Arab nationalist group shut down business in Aden today with a general strike after a battle in the streets with a rival nationalist faction left 27 Arabs dead.

The Arab army of the South Arabian Federation moved to halt fighting between the two groups, which seek to control the federation after it becomes independent of Britain Jan. 9.

## Grand Jury Indicts 22 During September Session

The Pickaway County Grand Jury concluded hearings at noon Thursday, returning 22 indictments and five "no" bills after a day and a half of consideration.

The jury called 27 witnesses. Five of the cases considered were "secret."

No bills returned, due to a lack of evidence, were James E. Donaldson, removing mortgage property; William R. Gumm, failure to provide for minor children; Roger Eugene Parker, assault with a deadly weapon; Ruth Wright, issuing checks with insufficient funds; Harold Temple, receiving and concealing stolen property.

The secret indictments were for manslaughter, one case of forgery, one grand larceny, and two cases of issuing checks with insufficient funds.

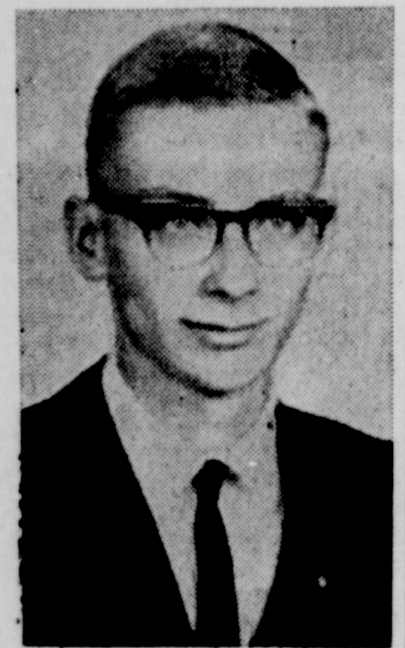

Indicted for failure to provide for minor children were:

Larry Richard Williams, Roy Downing, Teddy Lee Prusing, Dale R. McCabe, Junior Martin McKenzie.

Three men, John Fyffe, William Jackson, Arthur Crosby were indicted for having carnal knowledge of a female under 16 years of age.

Frank Auxier Daniels was indicted on a count of rape. Charles R. Keaton was indicted on a charge of assault on a female child under 16 years of age.

Robert Clayton Reynolds was indicted for burning property to defraud.

## Roe Riegel Delegate to Canada Meet

Roe Kenneth Riegel, Route 3, was a delegate of Rio Grande College Circle K to the 1967 International Circle K Convention held recently at Ottawa, Canada.

David Hershaer of Hamilton, also a delegate, of Rio Grande College, traveled to Canada with Roe. The delegates held their convention at the Hotel Chateau Laurier in Ottawa.

The international by-laws were amended at the business meeting and the international officers were elected at the close and an installation of officers was held preceding the banquet on Wednesday evening. The boys enjoyed meeting foreign delegates and the operation of the international convention.

After the convention, Riegel and Hershaer traveled to Montreal to Expo 1967 for a few days before returning home.

Riegel is treasurer of Rio Grande College Circle K.

## Arbitration

(Continued from Page 1)

Henry Ford II, board chairman and grandson of the company founder, assailed the walk-out as "totally unjustified and completely unnecessary."

He called it "a bludgeon against the public interest," and "tragic in its implications for the whole nation."

The gap between the opposing positions was reflected in another news conference when Ford's top bargainer, Malcolm Denise, was asked if the two sides ever came close to a settlement.

"I think I can answer that with a flat no," he said.

General Motors and Chrysler, the other members of the Big Three, also stiffened Wednesday to the union demands. While agreeing to continue production and pay wages and benefits to workers according to contract provisions, they refused to extend the three-year pacts that expired with Ford's at 11:39 p.m.

Union and company spokesmen said a decision on when to resume negotiations may not come until Monday.

There was no indication that Ford would present a new offer. Only a day earlier, Denise told newsmen Ford had no new proposal and was not preparing one.

In its only proposal thus far, Ford offered a general wage boost of 13 cents an hour, plus 2.8 per cent the last two years of a proposed three-year contract. The company said this would total a minimum of 34 cents.

The union demands, which Reuther calls "the longest and most ambitious in UAW history," have been estimated at from 90 cents to \$4 an hour per worker, compared to \$4.70 an hour per worker the companies now pay in wages and benefits.

Top UAW demands are for a substantial wage increase, an additional wage boost for skilled tradesmen, higher pensions, elimination of the disparity between Canadian and U.S. auto plant pay, and guaranteed annual income.

Ford made no mention of the last two items. The union said the Ford offer on the other issues was unsatisfactory.

The UAW strike fund, totaling \$68 million, would last about 18 weeks against Ford. The fund would go out in strike benefit payments of \$20 to \$40 to workers.

A Sept. 26 convention of 3,000 union delegates representing the 1.4 million UAW members is expected to boost union dues to finance the strike if it eats deeply into the fund.

Ford estimated the strikers will lose a total of \$5.2 million a day in wages each day of a strike—a wage loss of about \$33 per striker each day.

## Research Lab To Be Orbiting

CAPE KENNEDY, Fla. (AP)—A biological research laboratory filled with millions of bugs and plants is set to rocket into orbit as the first part of a space doubleheader.

The cargo of "astrobugs" is to rocket skyward today in the Biosatellite 2 spacecraft between 3 and 3:30 p.m. EDT. Less than 13 hours later, at 3:30 a.m. Friday, Surveyor 5 is to blast off from another Cape Kennedy launching pad, aiming for a soft landing on the moon.

Biosatellite 2 is to circle the earth for three days while its specimens grow, reproduce and eat to determine what happens to biological processes when subjected to weightlessness and radiation.

Aboard are such things as parasitic wasps, frog eggs, flour beetles, amoebae, vinegar gnats, wheat seedlings, pepper plants, bacteria and bread mold.

In all, there are more than 10 million things packed compactly in the spacecraft. When it returns to earth for recovery after 76 hours aloft, the passenger list

may have swelled to more than 13 billion, primarily through the rapid reproduction of bacteria-cells, which may multiply through as many as 20 generations during the flight.

Some might develop strange mutations either in space or after they return to earth. Some of the frog eggs, for example, will be allowed to develop into tadpoles and then to full-grown frogs.

With the 13 experiments, biologists will be able to study the growth and form of entire plants and animals, structure and growth of cells and tissues and basic chemistry of the individual cell.

Surveyor 5 will pack a camera, a magnet to pick up metallic material and a miniature "chemistry lab" to analyze the lunar soil to determine what elements are there.

The spacecraft will attempt a difficult soft-landing in the Sea of Tranquility near the Crater Molke. This is considered a likely spot for landing American astronauts.

## \$65,050 Suit Filed in Crash Of Pony, Car

Raymond Lindy Straight, Route 2, Orient, has filed a suit for \$65,050 against Gerald Hall and others as a result of an accident.

On Sept. 9, 1965, Straight was traveling on the Dennis McCord Road just north of Commercial Point when he struck a pony.

The pony had wandered on he road from property owned by Hall.

As a result of the collision, he was thrown from the car he was operating and re-injured his back, the petition claims.

## Motorists Fined, Jailed For OMVI

Four area persons were brought before the Municipal Court on charges of operating a motor vehicle while under the influence of alcohol.

Circleville City Police arrested Clarence Salyers, 46, Columbus, for drunken driving and Judge Sterling Lamb fined him \$200 plus cost, five days in the Pickaway County Jail and suspended his operator's license for one year.

Salyers was also fined \$100 plus costs and must spend five more days in jail for driving without an operator's license.

Helen Jester, 61, Route 2, was cited by the City Police for driving under the influence of alcohol. She pleaded guilty and was fined \$150 plus costs, sentenced to three days in jail and had her license suspended for six months.

Betty Fausnaugh, 38, Route 2, also pleaded guilty to OMVI and was fined \$150 plus costs, was sentenced to three days in jail and had her operator's license suspended for six months.

The Ohio State Patrol cited Merrel Routt, 45, of 421 Avon Dr. for driving under the influence of alcohol. In Municipal Court, he was fined \$200 and costs, sentenced to three days in jail and had his license revoked for six months.

Fred Stumbo, 21, Route 1, Stoutsville, forfeited \$25 bond on a charge of driving 54 miles in a 35 zone.

The Municipal Court collected \$727 from out-of-county motorists yesterday.

## 40 Cases Cleared from Court Docket

The Pickaway County Common Pleas Court cleared its docket of 40 cases during August, according to the monthly report completed by Sara M. Dresbach, clerk.

In August, 14 domestic relations cases were tried to court as well as one civil and one criminal case.

A total of 19 cases were settled out of court or dismissed, including 10 domestic relations cases, seven civil actions and two criminal actions. Five civil cases were disposed by cognovit court docket in August.

According to the report there were 202 cases pending at the beginning of the month and 219 at the end of the month. A total of 57 cases were added to the court docket in August.

A breakdown of new cases shows that 22 were domestic relations matters, 12 were civil and 23 criminal.

Cases presently pending include 99 domestic relation cases, 98 civil and 22 criminal.

In addition, there are 12 cases pending before the court of Appeals. Two were filed in this Court of Appeals this past month.

## 'Materialism' Of Churches Is Attacked

COLUMBUS, Ohio (AP) — The church is not going to solve anything by putting up a "super-structure" as "mere ecumenical planning will not meet the needs present day society," a Southern declared Wednesday night at a national church conference here.

"The real scandal of Christianity," said Dr. Clarence Jordan, "is not its dividedness but its materialism and its denial of the faith. I cannot see uniting two segregated churches without resulting in a bigger monster."

Dr. Jordan, director of Koinonia Farm, an interracial community near Americus, Ga., addressed 1,800 Protestant and Roman Catholic delegates at the National Consultation on the Church in Community Life.

Dr. Jordan said the church needs to re-evaluate itself.

"Men try to remake the church into what they believe it should be, in their own image," he charged. "The church is responsible to God, not mankind. It must be where the action is and champion the causes of the poor and the disenfranchised—such as the Negro American."

## Youth Takes Classes on Front Steps

CLEVELAND (AP) — Nine-year-old Terence Cartwright is having special classes on the front steps of Coventry School in suburban Cleveland Heights while his father continues a dispute with the school board.

The father, David R. Cartwright, said he would meet today with Cleveland Heights University Heights school officials to discuss the issue.

Cartwright wants to enroll his son only in courses he considers completely secular — mathematics, science, language and physical education—and wants Terence to receive religion-oriented instruction from Catholic diocesan teachers.

He was told Wednesday by the school board that the boy would be admitted only under normal enrollment. So Cartwright, Terence and two substitute teachers in the diocese conducted their own classes on the school steps, and Cartwright said he would hold the outdoor sessions again today.

But he said he hoped the issue could be decided soon so Terence can get inside a school.

Terence, a fourth grader, attended St. Ann's Catholic school last year.

She was a member of the Calvary EUB Church.

Services will be 11 a. m. Saturday at the Defenbaugh Funeral Home with Rev. Gerald Niswender officiating. Burial will be in Forest Cemetery.

Friends may call at the funeral home beginning at 7 p. m. Thursday.

### MRS. JEAN HUNT

Mrs. Jean Hunt, 48, Sabina, died 3:30 a. m. Thursday in Fayette Memorial Hospital, Washington C. H.

She is survived by her husband, Samuel J. Hunt; one son, John David Hunt of Washington C. H.; and one daughter, Anna Louise, of the home; four grandchildren; three brothers, Billy Dennis, Clarksburg; Robert Dennis, New Holland; and Hugh Dennis, Greenfield, one sister, Mrs. William Rhine-smith of Williamsport.

Services will be 2 p. m. Saturday at the Littleton Funeral Home, Sabina. Burial will be in New Holland Cemetery.

Friends may call at the funeral home beginning 3 p.m. Friday.

## Dear Abby: By Abigail Van Buren

### Christmas Plea to Viet Gls

DEAR ABBY: A few days ago my boy friend left for Viet Nam and I miss him like crazy already. But that's not the problem I'm writing about.

It may sound silly, but I would like to know what I can send him for Christmas? I have racked my brain and haven't been able to come up with a thing, except maybe something good to eat, like cookies. But what are the chances for "goodies" arriving in good condition?

Abby, can you tell us girl friends (and wives and mothers, too, what those wonderful guys in Viet Nam really want for Christmas?

BLOOMINGTON  
DEAR BLOOMINGTON: All right. I am asking "all you wonderful guys" over there in Viet Nam. What do you really want for Christmas? (Besides a one-way trip home, that is, I'm serious. Write to Abby and state your preferences.

DEAR ABBY: For years my widowed mother made her home with us. I am not complaining. We were happy to share our home with her, and did all we could to make her comfortable and happy.

I have brothers and sisters who lived their own lives and did not bother very much with Mother.

## TODAY In History

By THE ASSOCIATED PRESS

Today is Thursday, Sept. 7, the 250th day of 1967. There are 115 days left in the year.

Today's highlight in history: On this date in 1922, Brazil declared its independence from Portugal.

On this date — In 1533, Queen Elizabeth of England was born.

In 1778, Daniel Boone successfully defended his fort at Boonesborough, Kentucky, against the Indians.

1892, James J. Corbett knocked out John L. Sullivan in the 21st round of a championship fight in New Orleans.

In 1930, work began on the Colorado River on the Boulder Dam — now the Hoover Dam.

In 1963, the government of South Vietnam's President Ngo Dinh Diem arrested hundreds of students for demonstrating against his rule.

Ten years ago — 23 persons were killed in a train derailment in Nozieres, France.

Five years ago — Vice President Lyndon B. Johnson returned from a good-will tour to six Mediterranean and Middle East countries.

One year ago—Fire swept the West German passenger liner "Hanseatic" alongside a New York dock.

### 4 More Ohioans Lost in Vietnam

WASHINGTON AP)—The Defense Department announced Wednesday the names of four more Ohioans killed in Vietnam.

Army 2nd Lt. Michael De Camp of Cincinnati; Marine Cpl. Nicholas Wagman of Cincinnati; and Marine Pfc. Jerry Beley of Akron were killed in action.

Army Pfc. Robert Stebner of Streetsboro's name was changed from missing in action to killed in action.

## British Hippies Seeking Changes

LONDON (AP) — Britain's happy band of hippies, the Flower People, say they are different from their American counterparts. The declared aim here is not to "drop out" but to remain in society and change it.

Simon Barley, a California drama student now living in London, says: "Our Flower Power is like gun power, fire power, man power. We spread lightness, joy, sunshine."

Even so, the Flower People still have a lot in common with America's hippies. They stroll along King's Road, Chelsea, in bare feet or sandals. They wear caftans—loose eastern-style tunics. Indian amulets, beads or bells swing from their necks.

They say the peaceful tinkling of the bells enables them to tune out the racket of civilization around them. The bells cost from 50 cents to \$1.75. One distributor said he sold nearly 10,000 in a couple of weeks. Further supplies are being air-freighted from India. The

Flower People's anthem seems to be the pop song "San Francisco" and they follow its lyrical advice and wear flowers in their hair. Their slogan is "Make Love, Not War." Their ammunition—flowers.

pulled up at one of the open-air happenings recently, the Flower people opened its doors and practically filled the vehicle with plastic daffodils.

There are probably less than 300 hard-core Flower People in London. Several thousand more adopt the cult at weekends, putting it on as easily as they slip into flowered shirts and psychedelically designed dresses.

The weekend adherents turn out to turn on and enjoy themselves by following the credo: "Be Yourself. Do your own thing. Do it now." Their open-air haunts, besides King's Road, include Trafalgar Square, Piccadilly Circus, and the public parks. Indoors they go to the Electric Garden Club in

Covent Garden, London's huge flower and vegetable market; or to the UFO Club in north London. Its initials stand for "Unlimited Freak-outs."

Both clubs provide simultaneous showings of underground and other movies, psychedelic lighting effects and dancing to such acid-rock groups as the Nervous System and the Pink Floyd.

Anything goes—including a recent nude ballet at the UFO which caused it to be thrown out of its previous base.

The Flower People say these kinds of experiences help in their search for expanded consciousness. Some also seek expanded consciousness through such drugs as marijuana, methedrin and LSD.

### Elephant Language

PORTLAND, Ore. (AP) — Hugo Schmitt, in charge of the elephants for Ringling Bros. and Barnum Bailey Circus, said recently he is asked daily how he talks to an elephant. "It's no mystery language," he said as he was parading 17 elephants toward a circus tent. "We just say the elephant's name and a one-word command. 'Roma, come!' Schmitt hollered. Roma came.

## Dear Abby: By Abigail Van Buren

### Christmas Plea to Viet GIs

DEAR ABBY: A few days ago my boy friend left for Viet Nam and I miss him like crazy already. But that's not the problem I'm writing about.

It may sound silly, but I would like to know what I can send him for Christmas? I have racked my brain and haven't been able to come up with a thing, except maybe something good to eat, like cookies. But what are the chances for "goodies" arriving in good condition?

Abby, can you tell us girl friends (and wives and mothers, too, what those wonderful guys in Viet Nam really want for Christmas?

**BLOOMINGTON:** All right, I am asking "all you wonderful guys" over there in Viet Nam. What do you really want for Christmas? (Besides a one-way trip home, that is, I'm serious. Write to Abby and state your preferences.

DEAR ABBY: For years my widowed mother made her home with us. I am not complaining. We were happy to share our home with her, and did all we could to make her comfortable and happy.

I have brothers and sisters who lived their own lives and did not bother very much with Mother.

## TODAY In History

By THE ASSOCIATED PRESS

Today is Thursday, Sept. 7, the 250th day of 1967. There are 115 days left in the year.

Today's highlight in history: On this date in 1922, Brazil declared its independence from Portugal.

On this date — In 1533, Queen Elizabeth of England was born.

In 1778, Daniel Boone successfully defended his fort at Boonesborough, Kentucky, against the Indians.

1892, James J. Corbett knocked out John L. Sullivan in the 21st round of a championship fight in New Orleans.

In 1930, work began on the Colorado River on the Boulder Dam — now the Hoover Dam.

In 1963, the government of South Vietnam's President Ngo Dinh Diem arrested hundreds of students for demonstrating against his rule.

Ten years ago — 23 persons were killed in a train derailment in Nozieres, France.

Five years ago — Vice President Lyndon B. Johnson returned from a good-will tour to six Mediterranean and Middle East countries.

One year ago — Fire swept the West German passenger liner "Hanseatic" alongside a New York dock.

### 4 More Ohioans Lost in Vietnam

WASHINGTON AP)—The Defense Department announced Wednesday the names of four more Ohioans killed in Vietnam.

Army 2nd Lt. Michael De Camp of Cincinnati; Marine Cpl. Nicholas Wagman of Cincinnati; and Marine Pfc. Jerry Beley of Akron were killed in action.

Army Pfc. Robert Stehner of Streetsboro's name was changed from missing in action to killed in action.

## British Hippies Seeking Changes

LONDON (AP) — Britain's happy band of hippies, the Flower People, say they are different from their American counterparts. The declared aim here is not to "drop out" but to remain in society and change it.

Simon Barley, a California drama student now living in London, says: "Our Flower Power is like gun power, fire power, man power. We spread lightness, joy, sunshine."

Even so, the Flower People still have a lot in common with America's hippies. They stroll along King's Road, Chelsea, in bare feet or sandals. They wear caftans—loose eastern-style tunics. Indian amulets, beads or bells swing from their necks.

They say the peaceful tinkling of the bells enables them to tune out the racket of civilization around them. The bells cost from 50 cents to \$1.75. One distributor said he sold nearly 10,000 in a couple of weeks. Further supplies are being airfreighted from India. The

Flower People's anthem seems to be the pop song "San Francisco" and they follow its lyrical advice and wear flowers in their hair. Their slogan is "Make Love, Not War." Their ammunition—flowers.

pulled up at one of the open-air happenings recently, the Flower people opened its doors and practically filled the vehicle with plastic daffodils.

There are probably less than 300 hard-core Flower People in London. Several thousand more adopt the cult at weekends, putting it on as easily as they slip into flowered shirts and psychedelically designed dresses.

The weekend adherents turn out to turn on and enjoy themselves by following the credo: "Be Yourself. Do your own thing. Do it now." Their open-air haunts, besides King's Road, include Trafalgar Square, Piccadilly Circus, and the public parks. Indoors they go to the Electric Garden Club in

Covent Garden, London's huge flower and vegetable market; or to the UFO Club in north London. Its initials stand for "Unlimited Freak-outs."

Both clubs provide simultaneous showings of underground and other movies, psychedelic lighting effects and dancing to such acid-rock groups as the Nervous System and the Pink Floyd.

## Business Role Uncertain In Covering Tax Share

WASHINGTON (AP)—Chances are most workers know their Social Security tax is withheld. The tax makes a noticeable dent in the paycheck—and the family budget.

But what about the matching tax paid by employers—and its effects? Is it passed on the consumers in the cost of goods? Does it affect management decisions about hiring, or buying machinery that could substitute for men? Is it approaching a limit beyond which it cannot be raised without damaging the economy?

No one seems to know for sure, conclude specialists who reported to the Senate-House Economic Committee on Social Security and a variety of other "Federal Programs for the Development of Human Resources."

The information in the report was compiled last year, after the inauguration of Medicare had caused an increase in the payroll tax. The subject is again very much alive, now that the House has passed and a Senate committee is considering Social Security benefit increases that would again raise the tax on employers and employees—a

maximum of \$44 each next year, more later.

"No clear consensus has emerged as to the effect of the employer portion of the payroll tax," the committee study said. "This constitutes a nearly universal cost of doing business in the United States. It might therefore be considered an encouragement to employers to introduce labor saving machinery (but) there is little tangible evidence that the tax has had this effect."

The compilers noted some producers may be able to pass the tax along in prices, and therefore have not had to come to grips with its effect.

It presumably will be more difficult to pass on the tax as it increases. Even if the new Social Security bill were not to pass, the tax—now 4.4 per cent each on employers and employees—would increase by stages to 5.65 per cent in 1987. This is on a wage base of \$6,600. The House-passed bill would increase the tax ultimately to 5.9 per cent on a base of \$7,600.

For years, a theory was prevalent among some high Social Security officials that a payroll tax might become a dangerous economic drag if it exceeded 5

per cent each on employers and employees.

But Congress, when it provided for financing of Medicare, set up a tax increase schedule that would pierce that ceiling by 1973. Under the new Social Security bill, the breakthrough would come in 1971, with a rate of 5.2 per cent.

Thursday. About 1,500 prominent persons from this country and abroad will take part in open sessions Friday.

In a summary of his paper, Dr. Ramsey contrasted the differing legal and moral considerations of abortion but noted this distinction may soon be outmoded.

"This is soon going to become a question having nothing to do with the penal code, a practice wholly in the personal or private realm which laws cannot reach," he said.

"More important," he continued, "is the fact that in a few years there will be safe 'do it yourself' abortion medications so that no one need resort to what the state legislature thinks about it."

"Abortion will have been brought entirely into the arena of private decision," he said.

Dr. Ramsey said some fashionable women's magazines have already discussed this procedure under the name of the "M-pill."

Any woman will be able to keep herself systematically ignorant of whether she is with some frequency performing an abortion on herself," he said, by taking the pill regularly, whether or not she thinks she's pregnant.

"She need not face the question whether" she should affect an abortion, Dr. Ramsey said.

"She only need imagine, she will be systematically tempted to believe, that she is only doing what comes naturally every month."

## Rising Prices Noticeable in Car, TV Sales

NEW YORK (AP) — Prices are headed up on a wide variety of products ranging from trucks to tennis balls.

The increases mean that the consumer will have to reach deeper into his pocket today for transportation, home building and furnishing, and leisure time activities.

Manufacturers contend that higher prices are necessary to meet rising costs of materials, labor, freight and taxes.

The price of steel bars, which are used for such things as industrial fasteners and railroad axles, just has gone up 1.8 per cent.

Earlier the steel companies had raised prices on hot rolled carbon and high strength plates, tinplate and tubular products. So far this year the increases have covered more than 40 per cent of industry shipments.

Chrysler Corp. and Ford Motor Co. tentatively raised the wholesale prices of their 1968 model cars \$100, which would mean an extra \$125 at retail. General Motors Corp. didn't disclose its intentions, but it was considered likely that GM would take similar action.

Chrysler and Ford said their raises were due not only to higher material and labor costs but to the antismog and safety de-

vices required on 1968 models.

Radio Corp. of America boosted prices of 46 of its 1968 model color television sets 2 to 3 per cent—\$10 to \$55 on sets costing \$479.95 to \$1,650.

RCA said the raises were to "offset steadily rising labor and material costs which have spiraled far beyond our expectations in the past 90 days since we priced our 1968 models."

A tennis player is going to have to pay 10 cents more for a can of three balls manufactured by General Tire & Rubber Co.

Price increases have been widespread recently in the rubber industry and cover tires and tubes; automotive belts, conveyor belts, hose and other industrial products; shoe soles and heels; vinyl flooring and counter topping, and some plastic film and sheeting.

Admiral Corp. announced this week it will raise the prices of selected 1968 model refrigerators, freezers and room air conditioners 1.5 to 3 per cent.

Several big companies advanced prices of carpeting. Prices of liquid chemicals have also gone up.

A prolonged drought and a rash of major forest fires in the Pacific Northwest have resulted in price boosts for lumber and plywood.

By JOHN CHADWICK

WASHINGTON (AP) — Many U.S. District Court judges not only have endorsed the House-passed antiriot bill but also suggested amendments to make it tougher.

The Senate Judiciary Committee had copies of the bill sent to each of the 338 district court judges, with a request for their comments and recommendations for improving it or making it more readily enforceable.

Replies so far from about 100 judges in all parts of the country are running 80 per cent or better in favor of the bill.

Two indicated they opposed the bill, and some replied it would be inappropriate to comment or took no position in the merits of the legislation. Several suggested it might be difficult to enforce.

Perhaps the most unusual reply was the letter from Chief Judge Charles E. Wyzanski Jr. of the U.S. District Court in Massachusetts. He wrote:

"My position with respect to this bill is identical with that of Sen. Edward M. Kennedy of Massachusetts." At the windup of the Judiciary Committee's hearings on the bill, Kennedy said it had "ample public relations value but very little substance." He has maintained it distracts attention from social and economic factors he believes generate riots.

The bill would make it a federal crime to go from one state to another with intent to incite a riot. It would provide penalties of up to five years' imprisonment or a \$10,000 fine, or both.

Some of the judges recommended stiffening the maximum prison term. Judge Edwin D. Steel Jr. of Delaware and Judge Joe Eaton of the Southern District of Florida proposed 10 years. Chief Judge William H. Timbers of Connecticut suggested a maximum 20 years. And Judge Peirson M. Hall of the Southern District of California recommended the bill provide for life imprisonment or death in the event a riot incited by an outside agitator resulted in any one being killed.

Judge Luther Bohanon of the Western District of Texas sug-

gested amending the bill to require that bail for anyone caught inciting a riot be set in an amount "to make sure the accused be confined until such time as the danger of riot has passed in whatever locality the riot may be imminent."

Some of the judges recommended deletion from the House-passed bill of language saying that to incite to riot

"shall not mean the mere advocacy of ideas or the mere expression of belief."

Judge Carl A. Weinman of the Southern District of Ohio said:

"You are setting forth what might be a defense" for a person accused of inciting to riot.

Similarly, Chief Judge James C. Connell of the Northern District of Ohio wrote: "Why should the law-making body invent defenses to the law which

it enacts and thus negate the end it seeks to accomplish?"

Connell added, "Frankly, this looks to me as if the law is unconsciously being watered down before it ever comes into existence."

But Judge Myron L. Gordon

of the Eastern District of Wisconsin wrote he was pleased to see that the "advocacy of ideas or the mere expression of belief" was excluded as an offense. He said "that goes a long way toward making the bill enforceable."

## Clevelanders Seek Ballot On Vietnam

CLEVELAND (AP) — The Ohio Supreme Court has been asked by five Cleveland residents to issue an order requiring Cleveland City Council to act on a resolution against U.S. participation in the Vietnam War or place the issue on the Nov. 7 ballot.

The mandamus action filed Tuesday against City Council and the Cuyahoga County Board of Elections was similar to a suit filed last week by residents of Willoughby Hills in Lake County calling on President Johnson to bring American troops home from Vietnam.

Clevelanders filing the suit were Franklin Anderson, Evelyn Blackburn, Kathleen Geathers, The Rev. John Roberts, and Audra Romine.

Their suit says Council Clerk Mercedes Cotner notified them on Aug. 31 that their initiative petition bearing 9,954 signatures had been rejected "for legal reasons."

The resolution contained in the petition called upon President Johnson to bring American troops home from Vietnam "is that the Vietnamese people can settle their own affairs."

WASHINGTON (AP)—Thanks to Early Bird, the communications satellite, airline passengers of the near future may have shorter waits at international airports for immigration and custom inspection.

In an experiment Wednesday, a Trans World Airlines 707 jet with 120 passengers flew from Frankfurt, Germany, to Dulles International Airport near Washington. While the flight was under way, officials at the Frankfurt airport transmitted via Early Bird the passengers' passport photographs and facsimile reproductions of their health records, customs declarations and other information needed by U.S. immigration and customs officials at Dulles. So when the plane arrived, the passengers went through the inspection procedure in short order.

The Air Transport Association said the experiment was successful. A spokesman predicted satellite communications will be used routinely for this purpose within five years.

WASHINGTON (AP) — The Defense Department has corrected its statement that North Vietnam has quadrupled in the past year the number of her surface-to-air missile launching sites. Actually, a Pentagon spokesman said, the figure has doubled, not quadrupled. On Tuesday, the department provided figures showing that North Vietnam now has more than 200 SAM sites, compared with an indicated 50 sites about a year ago. However, the North

Vietnamese had 100 sites in mid-1966, not 50, the department explained Wednesday in its corrected report.

Gen. Earle G. Wheeler, the 59-year-old chairman of the Joint Chiefs of Staff, was reported in good condition at Walter Reed Army Hospital, where he is being treated for what is called minor heart trouble.

The Defense Department has signed nearly \$323 million worth of contracts for research and development of the Nike X anti-missile system. The contracts were awarded to several firms.

## How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather:

Early morning haze and fog will give way to sunny skies and it will continue sunny over the state through this afternoon. High temperatures this afternoon will be in the 80s, lows tonight will again be mainly in the 50s.

The large high pressure system which has brought fine weather to the state for the past week is beginning to weaken. It will continue to weaken as a cold front moves from the northern plains to north of Lake Erie by Saturday morning.

Temperatures will be a little warmer Friday and Saturday, with some increase in high cloudiness as the front moves closer to Ohio.

No rain is forecast through Saturday.

CENTRAL OHIO—Mostly sunny and mild today and Friday. Fair and cool tonight. High to day and Friday around 80, low tonight in mid 50s.

SOUTHEAST OHIO — Mostly sunny and mild today and Friday, fair and cool tonight. Low tonight in mid 50s.

SOUTHWEST OHIO — Today and Friday mostly sunny and warm. Tonight fair and mild, low 55-62.

# Water Pageant Draws Big Labor Day Crowd

STONE-AGE YOUNGSTERS — Betty Brintlinger as Melore and Gregg Moss as Breer, her brother, look with interest as they see 20th century swimmers get ready for a plunge.

One water pageant buff who has attended all 10 Labor Day performances of the water show given annually at the Dick Jones Pond said the production of "It's About Time" was the "best pageant yet." This critic aware that there is great concern each year before the water show quipped, "The bigger the tizzy the better the pageant."

Pageant directors, Sally Moss and Kathy Macklin, felt obliged to schedule an extra rehearsal Sunday to iron out the wrinkles and shape up the show. The Monday performance however, went smoothly.

The gods chose to smile again his year weather-wise. Temperature was perfect for the big audience. All brought lawn chairs and lined the west bank of the pond to witness the neighborhood production.

The large cast was made up of swimmers who have had swimming instruction at the pond all summer.

THE PAGEANT based on the TV series, "It's About Time" concerned the adventures of two U.S. astronauts, Mack and Heck, who broke the time barrier and landed on earth two million years ago. They found stone aged inhabitants who be-

## Conference Slated for Garden Clubs

The Columbus Region of Garden Club of Ohio Inc. will hold a fall conference Sept. 27, at Peace Lutheran Church in Gahanna. Each garden club is requested to be represented by its president and at least one other member. Others are welcome to attend.

Registration will take place from 9:30 to 10:30 a.m. This will be followed by morning and afternoon sessions at which the many facets of garden club work will be discussed by state officers and chairmen.

Luncheon will be served at noon. Garden club members interested in attending this conference are to contact Mrs. Kenneth Hannan, president of Pickaway County Garden Club.

"Looking Forward" is the theme of this administration of Garden Club of Ohio. And fall is the ideal time to "look forward and seek better ways to improve your garden club."

THERE will be educational displays and literature available. The administration feels that it is the duty of each club to send representatives to the conference so that they may bring back valuable information for their club.

Mrs. William Adler regional director of the Columbus Region will be in charge of the business session.

lied that evil spirits lived in the water.

Act I culminated in the zany behavior of the stone age people when the astronauts decided to go swimming.

Act II took place back in the 20th century when a water carnival was taking place at the Jones Pond. The astronauts accompanied by seven of the stone age people land in their space capsule at the pond.

The stone agers watch the water performance and are convinced that evil spirits do not after all inhabit the waters.

Act III finds the astronauts breaking the time barrier again to deliver their stone age acquaintances back home. Boss insists that his people learn to swim. But only after the adventurous Shad gets in water too deep and has to be rescued. Mack and Hack then proceed to teach their friends the basic steps in swimming skill before they blast off for the 20th century.

The cast of characters follows: Mack and Heck, U. S. astronauts, Steve Young and Casey Jones; Boss, leader of the stone age set, Mark Moss; Klon-Boss's right hand man, Scott Bower; Grunk, a stone age husband, Gregg Alcorn; Shad, his wife, Loretta Alcorn; Melore, their daughter, Betty Brintlinger and Breer, their son, Gregg Moss.

The cast of 20th century characters included: Pat, water safety director at the Pond, Sally Moss; Tommie, her assistant, Kathy Macklin; Henry, a team captain, Rolland Brintlinger; Lisa, another team captain, Amy West; Daisy, a pretty modern teenager, Barbara Baylous and George another teenager, Steve Radcliff. ## Garden Gossip

The funniest thing that happened during the rehearsals for the water pageant at our farm was this. One of the props for "Boss" a cave man was a big bone which he wields as a sort of scepter. We had managed to get an enormous bone which we soaked in lye water for several hours, scraped and whitened with bleach.

But evidently to our bloodhound it's been bleached or not. The dog grabbed the bone away from "Boss" and double-dared anybody to take it away from him. This really broke up the rehearsal.

One of our visitors saw a snake in the pond during the performance of the water pageant. Luckily he chose not to sound the alarm.

Snakes have been behaving strangely this year. The In-

grams were telling about a visitor who was bitten by a snake in their yard one evening. They think it must have been a snake in search of water.

Tried to get in touch with Bea Bumgardner to find out what to do about the blight that seems to be hitting our local pyracantha! She was taking a sample of hers to the garden club convention to ask some experts there.

Yes, she lived through the Ohio State Fair Flower Show, but she was not home when we called this morning.

Supplying arrangements for niches at the Ohio State Fair were local flower growers Mrs. Donald Watt and Mrs. Robert Scherer.

Mrs. John Mast is singing the praises of Golden Nugget marigolds. As big as a cup and at

least a foot high they are just about the prettiest marigolds she ever grew.

But she had sad news at that! Her golden nuggets were host to plant lice and had to be sprayed right along with her roses. Marigolds have long been a disease and insect proof flower.

But anyway they are well worth growing.

We had a beautiful surprise the other day. An apple tree seedling along a far away fence fruited this year. This apple tree came as a fine discovery.

We plan to visit Melanie Maxson's flower garden. She was quite interested in mine when we showed her around. Now it's going to be her turn.

Interrupting their vacation at Buzzard's Glory in the Hocking County Hills to witness the water pageant here on Labor Day were Mary Shortridge, Della Huffman of Circleville and Vera Veal of Washington C. H.

The Noggles of W. Union have pears again this year. Perfect, because they know all about fruit-trees sprays, the pears were delicious as well a perfect.

When I went around for the pears Myrtle Noggle had saved for me I had a brief glimpse of the garden. The Noggle dahlias were superb and their Jap-

anese Anenome three feet high. Everything was green and in full bloom.

Prettiest thing in my own garden right now is the dwarf polyanthus Renowtria. It has pink sprays of flowers not unlike the silver lace vine.

Wouldn't it be nice if a hybridizer could fix us up with a

pink lace vine! White flowers are stunning. Yet I almost never purchase or order white flowers.

We visited Mrs. Emmitt Toole's garden the other day. I thought she had a row of white peonies. But it proved to be a row of dahlias with peony sized

# Water Pageant Draws Big Labor Day Crowd

STONE-AGE YOUNGSTERS — Betty Brintlinger as Melore and Gregg Moss as Breer, her brother, look with interest as they see 20th century swimmers get ready for a plunge.

One water pageant buff who has attended all 10 Labor Day performances of the water show given annually at the Dick Jones Pond said the production of "It's About Time" was the "best pageant yet." This critic aware that there is great concern each year before the water show quipped, "The bigger the tizzy the better the pageant."

Pageant directors, Sally Moss and Kathy Macklin, felt obliged to schedule an extra rehearsal Sunday to iron out the wrinkles and shape up the show. The Monday performance however, went smoothly.

The gods chose to smile again this year weather-wise. Temperature was perfect for the big audience. All brought lawn chairs and lined the west bank of the pond to witness the neighborhood production.

The large cast was made up of swimmers who have had swimming instruction at the pond all summer.

## Conference Slated for Garden Clubs

The Columbus Region of Garden Club of Ohio Inc. will hold a fall conference Sept. 27, at Peace Lutheran Church in Gahanna. Each garden club is requested to be represented by its president and at least one other member. Others are welcome to attend.

Registration will take place from 9:30 to 10:30 a.m. This will be followed by morning and afternoon sessions at which the many facets of garden club work will be discussed by state officers and chairmen.

Luncheon will be served at noon. Garden club members interested in attending this conference are to contact Mrs. Kenneth Hannan, president of Pickaway County Garden Club.

"Looking Forward" is the theme of this administration of Garden Club of Ohio. And fall is the ideal time to "look forward and seek better ways to improve your garden club."

There will be educational displays and literature available. The administration feels that it is the duty of each club to send representatives to the conference so that they may bring back valuable information for their club.

Mrs. William Adler regional director of the Columbus Region will be in charge of the business session.

lieved that evil spirits lived in the water.

Act I culminated in the zany behavior of the stone age people when the astronauts decided to go swimming.

Act II took place back in the 20th century when a water carnival was taking place at the Jones Pond. The astronauts accompanied by seven of the stone age people land in their space capsule at the pond.

The stone agers watch the water performance and are convinced that evil spirits do not after all inhabit the waters.

Act III finds the astronauts breaking the time barrier again to deliver their stone age acquaintances back home. Boss insists that his people learn to swim. But only after the adventurous Shad gets in water too deep and has to be rescued. Mack and Hack then proceed to teach their friends the basic steps in swimming skill before they blast off for the 20th century.

The cast of characters follows: Mack and Heck, U. S. astronauts, Steve Young and Casey Jones; Boss, leader of the stone age set, Mark Moss; Klon-Boss's right hand man, Scott Bower; Grunk, a stone age husband, Gregg Alcorn, Shad, his wife, Loretta Alcorn; Melore, their daughter, Betty Brintlinger and Breer, their son, Gregg Moss.

The cast of 20th century characters included: Pat, water safety director at the Pond, Sally Moss; Tommie, her assistant, Kathy Macklin; Henry, a team captain, Rolland Brintlinger; Lisa, another team captain, Amy West; Daisy, a pretty modern teenager, Barbara Baylous and George another teenager, Steve Radcliff. About 50 swimmers participated in the show.

## Tips Offered For Gardening

Advice for September? Well let's see. We'd say that in our area better take it easy until we get some rain. Digging, out my way, is nearly impossible.

And there's a lot left in our present gardens to enjoy. Clip off over-grown petunias. Not to the ground but to three or four inches above the ground. If it rains, and it will, they'll have another blooming spurt.

Most important right now is to order your bulbs. If you are planning to purchase the charming, early-blooming winter aconites do plant them immediately even if you have to dig with a mattock. Aconite bulbs deteriorate with speed.

Don't fool around with lily bulbs. Get them out as soon as possible.

But honestly most of the other things can wait. Even daffodils (which experts say should be immediately planted) can wait until later.

BUT send in your order and have the bulbs waiting. When more favorable weather comes there'll be time to plant.

O, yes, don't forget your houseplants that have been summering outdoors. Begonias, coleus, sultanas and geraniums should be slipped for winter bloom rather than to dig up and pot old plants. Experts advise indoor gardeners to have the plants inside before the furnaces start.

Last year the garden editor managed to get great pleasure from almost ready-to-bloom chrysanthemums set out as replacements for spent annuals. Try some!

Don't work too hard in early September's golden weather.

## Garden Gossip

The funniest thing that happened during the rehearsals for the water pageant at our farm was this. One of the props for "Boss" a cave man was a big bone which he wields as a sort of scepter. We had managed to get an enormous bone which we soaked in lye water for several hours, scraped and whitened with bleach.

But evidently to our bloodhound a bone is a bone whether it's been bleached or not. The dog grabbed the bone away from "Boss" and double-dared anybody to take it away from him. This really broke up the rehearsal.

One of our visitors saw a snake in the pond during the performance of the water pageant. Luckily he chose not to sound the alarm.

Snakes have been behaving strangely this year. The In-

grams were telling about a visitor who was bitten by a snake in their yard one evening. They think it must have been a snake in search of water.

Tried to get in touch with Bea Bungardner to find out what to do about the blight that seems to be hitting our local pyroantha! She was taking a sample of hers to the garden club convention to ask some experts there.

Yes, she lived through the Ohio State Fair Flower Show, but she was not home when we called this morning.

Supplying arrangements for niches at the Ohio State Fair were local flower growers Mrs. Donald Watt and Mrs. Robert Scherer.

Mrs. John Mast is singing the praises of Golden Nugget marigolds. As big as a cup and at

least a foot high they are just about the prettiest marigolds she ever grew.

But she had sad news at that! Her golden nuggets were host to plant lice and had to be sprayed right along with her roses. Marigolds have long been a disease and insect proof flower.

But anyway they are well worth growing.

We had a beautiful surprise the other day. An apple tree seedling along a far away fence fruited this year. This apple tree came as a fine discovery.

We plan to visit Melanie Maxson's flower garden. She was quite interested in mine when we showed her around. Now it's going to be her turn.

Interrupting their vacation at Buzzard's Glory in the Hocking County Hills to witness the water pageant here on Labor Day were Mary Shortridge, Della Huffman of Circleville and Vera Veal of Washington C. H.

The Noggles of W. Union have pears again this year. Perfect, because they know all about fruit-trees sprays, the pears were delicious as well as perfect.

When I went around for the pears Myrtle Noggle had saved for me I had a brief glimpse of the garden. The Noggle dahlias were superb and their Jap-

anese Anemone three feet high. Everything was green and in full bloom.

Prettiest thing in my own garden right now is the dwarf polyanthus Renownia. It has pink sprays of flowers not unlike the silver lace vine.

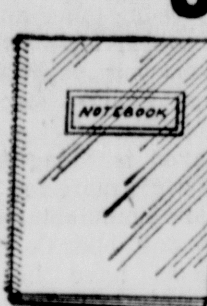

Wouldn't it be nice if a hybridizer could fix us up with a pink lace vine!

White flowers are stunning. Yet I almost never purchase or order white flowers.

We visited Mrs. Emmitt Toole's garden the other day. I thought she had a row of white peonies. But it proved to be a row of dahlias with peony sized

## Gardening Is Fun, Profitable For Children's Home Boys

(Continued from Page 8)

Mrs. Toole told me a strange thing. Her white dahlias attract insects. And quite close to the row of white flowers were colored dahlias all without any sign of insects.

Frank Hawks of Franklin Street told me that white roses attracted far more insects than roses of other colors.

And speaking of strange things, when Mary Shortridge, Vera Veal and Della Huffman first arrived at their vacation cottage there were almost no birds. But after they had been there for three days the birds started arriving.

We thought this was exceedingly strange. But Dorothy Jones said her father-in-law the late Dr. Howard Jones, a distinguished ornithologist, held to the theory that birds liked people and only stayed in the vicinity where people stayed.

Martha Poling was delighted to find a big bouquet of flowers at her home when she returned one day. She has tried for several weeks to find out who left it. She thought perhaps I had. They were touch-me-nots we learned.

The garden editor then felt sure she knew who had left them because she never saw such marvelous touch-me-nots as Mrs. Emmitt Toole had in her garden. Mrs. Toole said, "no" she had not left them. Then she called to her son, Arnold. Arnold said "No" he had not left touch-me-nots, but that he had left snapdragons at the Polings one day.

### Millet Set To Speak At Lorain Ceremony

ELYRIA, Ohio (AP) — The campus at Lorain County Community College here will be dedicated Sunday afternoon, with Dr. John D. Millett, chancellor of the Ohio Board of Regents, as the main speaker.

The campus, which opened last October, consists of six buildings erected at a cost of about \$11 million.

Youngsters space to branch out and experiment. It's low key recreation for these boys who have a pretty busy life.

## Negro Actors Strive for Roles

HOLLYWOOD (AP) — How goes the Negroes' drive for more work in movies and television?

Negro comedian Godfrey Cambridge reports "a slight improvement," but:

"I'm still waiting to see a Negro variety show, to see Lena Horne and Harry Belafonte have their own shows. I'm tired of his getting 20-minute segments—always as somebody's guest.

"I'm still waiting for Sidney Poitier to make love to a real live Negro woman . . . not a white chick who, it turns out, is blind." Elizabeth Hartman in "A Patch of Blue."

The man with the statistics is Davis Roberts, 50, a Negro actor and an official of the Beverly Hills-Hollywood NAACP branch of the National Association for the Advancement of Colored People.

Says Roberts: I don't want to give the impression that everything is hunky-dory, but a beginning has been made."

The NAACP branch holds quarterly meetings—and has been doing so since 1964—with craft representatives under auspices of the producers' association. Representative of man-

agement and guilds report on Negro employment.

Latest available comparisons show that in the three months ended last June 30, 29 Negro actors were cast in movies, compared with 7 in the quarter ended Oct. 31, 1965. (Production generally was up: 26 features this year against 14 in the 1965 period.)

Negro extras earned, in round numbers, \$38,000 in the 1967 quarter, in both movies and TV, compared with \$32,000 in the 1965 period.

"But the thing that strikes me," Roberts says of the employment tables, "is that 10 per cent of the minority-group extras do not earn 10 per cent of the money."

Negroes, Orientals, Mexicans, Hindus, U.S. Indians and Polynesians constitute 10 per cent of the registered extras. In this year's quarter they earned 6.94 per cent of extra total pay—not much above the 1965 period's 6.5 per cent.

Still, Roberts said:

"I don't think figures are the significant thing. We are concerned with the Negroes' image that films and TV present to the world."

In 1944 the NAACP complained to producers that Negro actors were cast only in stereotyped roles—cooks, maids, chauffeurs and objects of laughter.

Results were twofold, says Roberts: 1 Negroes often were not considered for defense-plant employment and 2 fewer such roles were created.

"For a long time, nothing replaced the stereotype roles," he says. "The movie makers thought they had answered the criticism by eliminating them."

A complaint heard now is the new Negro stereotype: the well groomed man with briefcase and no real involvement in the plot.

But last month, at a Beverly Hills banquet, the Beverly Hills-Hollywood NAACP branch presented "image awards" to 10 TV programs for improved presentation of Negroes. Recipients included "Mission: Impossible," "Big Valley," "I Spy," "Hogan Heroes," "Daktari" and "Star Trek."

Universal studio was honored also for increased nonacting employment of Negroes.

"There is some movement in this direction at all major studios," Roberts said, noting Negroes in jobs as publicist, copy-machine operator, switchboard operators, secretaries, file clerks, timekeepers, watchmen, guards and prop makers—as well as janitors.

"The changes, though slight as they are," said Roberts, "reflect a growing awareness of the fair thing to do."

## Seek Accord On Bill for Liquor Sales

COLUMBUS, Ohio (AP)—Ohio House members return to the Capitol Friday for a session during which an attempt may be made to resolve the question of Sunday liquor sales.

The bill, defeated 45-57 during the regular session, is still pending and House Speaker Charles F. Kurfess R-4 Wood said House members probably would take some action to dispose of the motion to reconsider.

Kurfess asked all House members to return Friday because of the possibility of roll calls to wind up the unfinished business.

Opponents of the Sunday sales bill wanted it to go on the floor in the closing session Aug. 27, but an agreement was reached for later consideration.

Current plans call for House members to adopt a resolution which would kill all bills not specifically slated to be carried over to the regular session resuming next Jan. 15.

Sponsors of the liquor bill may attempt to have it referred to the rules committee for further action.

and green beans ready for harvest now. But Cave Man also has a cucumber plant which gives a difference to his plot.

Carl Burgoon, according to Judson Price, actually takes more pride in his garden than any of the other fellows. He keeps his plot consistently free of weeds and carefully cultivates it. Burgoon has an interesting striped gourd vine which is now in fruit. His corn and beans are thriving.

JOHN Murphy, sometimes known as "Long John" and sometimes as "Hippy" has shared his space with Tommy Hamilton. The two work well together on their corn, beans and watermelons.

Bill Queen did not apologize for the weeds in his garden. Rather he explained them. He has a theory that weeds shading a watermelon vine are good. And they must be. Queen's watermelon vine is coming along in a most satisfactory way.

These small gardens give the

Latest available comparisons show that in the three months ended last June 30, 29 Negro actors were cast in movies, compared with 7 in the quarter ended Oct. 31, 1965. (Production generally was up: 26 features this year against 14 in the 1965 period.)

Negro extras earned, in round numbers, \$38,000 in the 1967 quarter, in both movies and TV, compared with \$32,000 in the 1965 period.

"But the thing that strikes me," Roberts says of the employment tables, "is that 10 per cent of the minority-group extras do not earn 10 per cent of the money."

Negroes, Orientals, Mexicans, Hindus, U.S. Indians and Poly-nesian constitute 10 per cent of the registered extras. In this year's quarter they earned 6.94 per cent of extra total pay—not much above the 1965 period's 6.5 per cent.

Still, Roberts said:

"I don't think figures are the significant thing. We are concerned with the Negroes' image that films and TV present to the world."

In 1944 the NAACP complained to producers that Negro actors were cast only in stereotyped roles—cooks, maids, chauffeurs and objects of laughter.

Results were twofold, says Roberts: 1 Negroes often were not considered for defense-plant employment and 2 fewer such roles were created.

"For a long time, nothing replaced the stereotype roles," he says. "The moviemakers thought they had answered the criticism by eliminating them."

A complaint heard now is the new Negro stereotype: the well groomed man with briefcase and no real involvement in the plot.

But last month, at a Beverly Hilton banquet, the Beverly Hills-Hollywood NAACP branch presented "image awards" to 10 TV programs for improved presentation of Negroes. Recipients included "Mission: Impossible," "Big Valley," "I Spy," "Hogan's Heroes," "Daktari" and "Star Trek."

Universal studio was honored also for increased nonacting employment of Negroes.

"There is some movement in this direction at all major studios," Roberts said, noting Negroes in jobs as publicist, copy-machine operator, switchboard operators, secretaries, file clerks, timekeepers, watchmen, guards and prop makers—as well as janitors.

"The changes, though slight as they are," said Roberts, "reflect a growing awareness of the fair thing to do."

## Seek Accord On Bill for Liquor Sales

COLUMBUS, Ohio (AP)—Ohio House members return to the Capitol Friday for a session during which an attempt may be made to resolve the question of Sunday liquor sales.

The bill, defeated 45-57 during the regular session, is still pending and House Speaker Charles F. Kurfess R-4 Wood said House members probably would take some action to dispose of the motion to reconsider.

Kurfess asked all House members to return Friday because of the possibility of roll calls to wind up the unfinished business.

Opponents of the Sunday sales bill wanted it to go on the floor in the closing session Aug. 27, but an agreement was reached for later consideration.

Current plans call for House members to adopt a resolution which would kill all bills not specifically slated to be carried over to the regular session resuming next Jan. 15.

Sponsors of the liquor bill may attempt to have it referred to the rules committee for further action.

# Circleville Tigers 'Ready' To Open Football Season

Circleville will be ready for Grove City tomorrow when the Greyhounds invade the Tiger Stadium.

"We'll be as well prepared as any team around," says CHS mentor Paul Starr. "But we'll be below par for the opening game," the coach adds as he ticks off the injury list.

However, the only serious injury that has occurred on the practice field is a hairline fracture of a bone in the wrist of sophomore fullback candidate Br Liston.

Fans attending the Circleville Football game Friday are to observe the procedure outlined by City Police in emptying the parking lots.

All traffic on Clark Drive leading from Nicholas Drive to the parking lots will be one-way for one-half hour after the game.

Cars from the large parking area on the practice field will form two lanes as they leave the area. Cars on the right must turn right (north) at Nicholas Drive. Cars in the center lane must turn left (south) at Nicholas Drive.

A third lane of traffic will be formed with cars from the lots immediately south and to the rear of the school. These cars must turn left at Maumee Drive.

Parents who have to drive to the school to pick up children after the game have been requested to wait at least one-half hour past the end of the game. By that time, Police believe the lots will be mostly empty and the congestion will be relieved.

Officers will be on hand to direct traffic. Motorists are cautioned to follow the directions of the Police.

"Liston figured in our plans as an offensive fullback," Starr said about the loss of the sophomore for the first part of the season. The bone broken in Liston's hand is one of the small carpal bones according to Starr. It marks the fourth consecutive year a Circleville player has had such an injury.

OTHER disappointing losses to the team was that of Jeff Steele, senior end candidate who was injured in an automobile accident, and Lynn Heath, who fractured his shoulder before the season started. Steele is out of the bruising sport of football on the advice of his physician. Heath will be out most of the season.

Other injuries, all of a more minor nature, include a recurring charlie horse in the leg of quarterback Bob Tootle, a sprained ankle for sophomore quarterback candidate Mike Henderson, strained ligaments in the leg of tailback Danny Smith, knee injuries sustained by Tom Wright, Jim Samuel, Steve Barthelmas and Phil Diehl.

Many of the players have blisters, particularly Rod Sines, according to Starr, and Jerry Myers has missed several days of practice with a case of flu.

## Ball Injuries

### Fatal to Boy

MENDON, Mo. (AP) — A high school boy was hit in the neck with a softball Wednesday and died shortly after.

Harry McNovn, 16, a senior from Rothville, was a runner at third base during a physical education game when he was hit by a thrown ball.

A physician at Marcelline Hospital said the impact of the ball apparently had shut off the flow of blood.

## Soccer League Merger Possible

OAKLAND, Calif. (AP)—A 21-team National Professional Soccer League is a prospect for next year, says Ken Macker, commissioner of the circuit.

Officials of the 12-team National League and the 10-team United Soccer Association are discussing a merger, and a final decision may be made at a meeting in Chicago Friday.

## Fremont Cage Coach Takes Heidelberg Job

FREMONT, Ohio (AP) — Dick Norman, head basketball coach at Fremont Ross High School for six years, has resigned to accept a similar post at Heidelberg College in Tiffin.

Norman, former basketball captain at Ohio University, had 63-66 record at Fremont. At Heidelberg, Norman succeeds Matt Rock, who has accepted the athletic director's job at Marion Harding High School.

Ohio State will lead Big Ten teams in sophomore football players this fall with 42.

The coaching staff has probably worked the team harder than in past years, Starr says. The hard work and running is all a part of the conditioning which is so strongly stressed by the coaching staff.

"We don't have the size of depth that many teams have," Starr explains. He is a firm believer that most games are won or lost in the fourth quarter.

The Tigers' strong point thus far seems to be their defense, which is "coming along real well" on the words of the head coach.

THE offense is lagging a little behind the defense. The timing of the offensive team is off the coaches say.

Scouting reports trickling into the Tiger football camp about Grove City build the Greyhounds as an improved team.

Grove City has 18 returning lettermen. In addition there are several candidates up from a very successful junior varsity squad.

The Greyhounds have their quarter back returning and a big 6-4 end. They passed the ball about 60 per cent of the time last year and Starr expects

# Twins, White Sox Lead AL Pennant Race by .001

By THE ASSOCIATED PRESS — First place in the American League is like a can of sardines, an elephant in a Volkswagen, a telephone booth holding 84 college students—crowded.

Minnesota, Chicago, Detroit and Boston all squeezed into the top spot Wednesday night in a virtual four-way tie which left baseball buffs scratching their heads to recall a similar jam so late in the season.

It took a crowbar to get a percentage point between the four as the Twins and White Sox each sported 78-61 records for a .561 percentage and the Tigers and Red Sox painted that point behind at .560 with 79-72 marks.

"We're purposely doing this," says Chicago Manager Eddie Stanky with a smile. "We want to keep football off pace."

On purpose or not the Tigers rushed in by whipping Kansas City in a two-night doubleheader 8-5 and 6-3; the White Sox entered on tip-toes, nudging California 3-2 in 13 innings; the Red Sox made it by not playing, and the Twins made it all possible by losing an afternoon game to Cleveland 3-2.

No other games were scheduled.

In the National League, St. Louis beat the New York Mets 3-1, Los Angeles overcame the Chicago Cubs 6-3, San Francisco blanked Houston 2-0, Philadelphia whopped Cincinnati 9-0 and Atlanta tripped Pittsburgh 4-1 before losing 4-1 in a two-night affair.

Manager Cal Ermer of the Twins took his loss in stride and counted on Cleveland to help clean out the crowd.

"I hope Joe Adcock, Indian manager," plays Chicago the same way he played us," Ermer said. "He saved his best pitchers for us, knocked our hitters down and played for keeps. Cleveland has seven games left with the White Sox and four left

them to throw a lot again this year.

A former Circleville coach, Bill Grey, is a member of the coaching staff at Grove City.

"It will be an exciting season," Starr predicts. "I hope we can keep that old victory bell ringing."

ALL the South Central Ohio League Schools open this weekend. Springfield Northeastern plays at Miami Trace, Hillsboro hosts Lebanon, London travels to Greenfield McClain and Hamilton Taft invades the Wilmington gridiron on Friday.

Washington C. H., tabbed by most league observers as the team that could take the SCO crown from the Tigers, delays its opening one night, until Saturday.

The Blue Lions play Dayton Carroll at Xenia Beavercreek School.

**Reserved Seat Tickets on Sale**

The Circleville High School Stogie Club will be selling reserved seat tickets in the lobby of the high school 3:30 to 4:30 p.m. today and Friday.

The tickets are for the home game tomorrow with Grove City.

with Boston, so the Indians could help us a great deal."

His losing pitcher, Dave Boswell, did some brooding after Luis Tiant outdueled him with a seven-hitter and singled in the two decisive runs in the fourth inning.

"I was told not to throw fastballs to Tiant because he was supposed to be a good fastball hitter," Boswell said. "So he hit a high slider."

The Twins managed two runs off Tiant, 9-9, in the sixth on Rod Carew's two-run bloop single before Tiant shut the door.

Detroit took full advantage behind Eddie Mathews and Earl Wilson.

Mathews, an old hand at helping win pennants, drove in three runs in the opener with two homers, the second capping a four-run seventh inning and snapping a 4-4 tie. His first shot tied the game 2-2 before Ramon Webster and Dick Green homered for the A's in the fifth.

Wilson made sure of becoming the first 20-game winner in the major leagues by belting a tie-breaking two-run homer in the seventh inning of the nightcap for a 4-3 lead.

The White Sox, as is their way, made the scene the hard way against still ambitious California, which had won four straight and seven of eight and could have climbed within five games of the top with a victory.

The Sox needed two runs in the 11th on pinch hitter Smokey Burgess' run-scoring double and a passed ball that let in another run to get to the 13th. Then Duane Josephson singled with one out in the 13th and Ken Berra ended the 4-hour, 43-minute battle with a run scoring double off Pete Grimsno, the sixth California pitcher.

The Angels scored first in the 11th as two runs scored on Bubba Morton's single and a ground out.

## Pro Grid Squads Shuffle Players

By THE ASSOCIATED PRESS — Professional football teams continued to shuffle personnel Wednesday with several players cut by one club being picked up by another.

Miami of the American League claimed place kicker Booth Lusteg, who had been placed on waivers Tuesday by the Buffalo Bills. Lusteg, who scored 98 points last year on 19 of 39 field goals and 41 of 42 extra points, will battle veteran Gene Mingo for the Dolphins' placekicking job.

In the National League, another placekicker, Mac Percival, was dropped by Dallas and almost as quickly, claimed by Chicago.

Green Bay sliced fullback Jim Mankins and he was immediately claimed by Detroit. The Packers also traded tackle Dick Arndt to Pittsburgh for a high draft choice.

Los Angeles dropped a couple of familiar names. The Rams cut linebacker Dan Currie and tight end Bob Jencks and placed veteran defensive tackle Roosevelt Grier on the injured list.

# Chiefs, Bills Favored In AFL's Title Chase

NEW YORK (AP) — The Denver Broncos handled the National Football League's Western Conference with ease, but they're not ready to take over the western part of the American League.

Still, the Broncos—in at least this opinion—will make the biggest strides in the AFL this season, advancing from fourth and last in the Western Division to third.

The Broncos, who have been the league's weakest link for so long, were virtually all alone during the exhibition schedule in challenging the NFL's alleged superiority over the AFL.

They took on two NFL opponents, both from the league's Western Conference, and beat them both—Detroit 13-7 and Minnesota 14-9.

Kansas City, however, is in a different league than the Lions and the Vikings, in more ways than one. The Chiefs have the most powerful team in the AFL and can't miss repeating as western champs. They also won't miss repeating as AFL champs.

The standings of both divisions should look like this in 16 weeks:

- East
1. Buffalo
  2. New York
  3. Boston
  4. Miami
  5. Houston
  - West
  1. Kansas City
  2. Oakland
  3. Denver
  4. San Diego

Just about everything in Denver is new this season—the coach, the personnel, the image.

After beating Detroit and Minnesota plus Oakland in exhibition play and then opening the season with a 26-21 decision over Boston, the Broncos can't be considered an automatic victory any more.

Lou Saban, who performed similar miracles at Buffalo a few years ago, has put together a competitive team, including a

potentially powerful backfield that is all new—quarterback Steve Tensi and fullback Cookie Gilchrist, acquired in trades; halfback Floyd Little, a rookie, and flanker Al Denson, a tight end last year.

While the Broncos are on the way up, San Diego is still on the way down from its once lofty position.

The Chargers have threats in the John Hadl-to-Lance Alworth passing combination and the running of Paul Lowe, but they're not enough to overcome what appears to be a porous defense and an inspired Denver team.

At the other end of the division, Kansas City hasn't lost any power from the team that

lost only two games in 1966. Len Dawson is back to throw to Otis Taylor and Chris Burford, and Mike Garrett is back to give the defenses fits with his slippery running. The defense won't give any more ground than it did last year, either.

The eastern race should be closer but only because none of the contenders in that division is strong enough to run away from the others.

The Bills are seeking an unprecedented fourth consecutive division title, and they should get it, primarily because of their defense. The offense seems to lack punch but should give the defensive unit just enough help.

Everyone is waiting for Joe Namath and the New York Jets to explode, but they don't seem much more prepared to do it this year than last. There's nothing wrong with Namath, but there is something lacking in the defense, particularly in the secondary which was vulnerable last season.

The Jets will give the Bills a tough fight but in the end will wind up as runners-up.

# Circleville Tigers 'Ready' To Open Football Season

Circleville will be ready for Grove City tomorrow when the Greyhounds invade the Tiger Stadium.

"We'll be as well prepared as any team around," says CHS mentor Paul Starr. "But we'll be below par for the opening game," the coach adds as he ticks off the injury list.

However, the only serious injury that has occurred on the practice field is a hairline fracture of a bone in the wrist of sophomore fullback candidate Br Liston.

Fans attending the Circleville Football game Friday are to observe the procedure outlined by City Police in emptying the parking lots.

All traffic on Clark Drive leading from Nicholas Drive to the parking lots will be one-way for one-half hour after the game.

Cars from the large parking area on the practice fields will form two lanes as they leave the area. Cars on the right must turn right (north) at Nicholas Drive. Cars in the center lane must turn left (south) at Nicholas Drive.

A third lane of traffic will be formed with cars from the lots immediately south and to the rear of the school. These cars must turn left at Maumee Drive.

Parents who have to drive to the school to pick up children after the game have been requested to wait at least one-half hour past the end of the game. By that time, Police believe the lots will be mostly empty and the congestion will be relieved.

Officers will be on hand to direct traffic. Motorists are cautioned to follow the directions of the Police.

"Liston figured in our plans as an offensive fullback," Starr said about the loss of the sophomore for the first part of the season. The bone broken in Liston's hand is one of the small carpal bones according to Starr. It marks the fourth consecutive year a Circleville player has had such an injury.

OTHER disappointing losses to the team was that of Jeff Steele, senior end candidate who was injured in an automobile accident, and Lynn Heath, who fractured his shoulder before the season started. Steele is out of the bruising sport of football on the advice of his physician. Heath will be out most of the season.

Other injuries, all of a more minor nature, include a recurring charlie horse in the leg of quarterback Bob Tootle, a sprained ankle for sophomore quarterback candidate Mike Henderson, strained ligaments in the leg of tailback Danny Smith, knee injuries sustained by Tom Wright, Jim Samuel, Steve Barthelmas and Phil Diehl.

Many of the players have blisters, particularly Rod Sines, ac-

cording to Starr, and Jerry Myers has missed several days of practice with a case of flu.

The coaching staff has probably worked the team harder than in past years, Starr says. The hard work and running is all a part of the conditioning which is so strongly stressed by the coaching staff.

"We don't have the size of depth that many teams have," Starr explains. He is a firm believer that most games are won or lost in the fourth quarter.

The Tigers' strong point thus far seems to be their defense, which is "coming along real well" on the words of the head coach.

THE offense is lagging a little behind the defense. The timing of the offensive team is off the coaches say.

Scouting reports trickling into the Tiger football camp about Grove City build the Greyhounds as an improved team.

Grove City has 18 returning lettermen. In addition there are several candidates up from a very successful junior varsity squad.

The Greyhounds have their quarter back returning and a big 6-4 end. They passed the ball about 60 per cent of the time last year and Starr expects

them to throw a lot again this year.

A former Circleville coach, Bill Grey, is a member of the coaching staff at Grove City.

"It will be an exciting season," Starr predicts. "I hope we can keep that old victory bell ringing."

ALL the South Central Ohio League Schools open this weekend. Springfield Northeastern plays at Miami Trace, Hillsboro hosts Lebanon, London travels to Greenfield McClain and Hamilton Taft invades the Wilmington gridiron on Friday.

Washington C. H., tabbed by most league observers as the team that could take the SCO crown from the Tigers, delays its opening one night, until Saturday.

The Blue Lions play Dayton Carroll at Xenia Beavercreek School.

## Reserved Seat Tickets on Sale

The Circleville High School Stogie Club will be selling reserved seat tickets in the lobby of the high school 3:30 to 4:30 p.m. today and Friday.

The tickets are for the home game tomorrow with Grove City.

## Twins, White Sox Lead AL Pennant Race by .001

By THE ASSOCIATED PRESS

First place in the American League is like a can of sardines, an elephant in a Volkswagen, a telephone booth holding 84 college students—crowded.

Minnesota, Chicago, Detroit and Boston all squeezed into the top spot Wednesday night in a virtual four-way tie which left baseball buffs scratching their heads to recall a similar jam so late in the season.

It took a crowbar to get a percentage point between the four as the Twins and White Sox each sported 78-61 records for a .561 percentage and the Tigers and Red Sox painted that point behind at .560 with 79-72 marks.

"We're purposely doing this," says Chicago Manager Eddie Stanky with a smile. "We want to keep football off pace."

On purpose or not the Tigers rushed in by whipping Kansas City in a two-night doubleheader 8-5 and 6-3; the White Sox entered on tip-toes, nudging California 3-2 in 13 innings; the Red Sox made it by not playing, and the Twins made it all possible by losing an afternoon game to Cleveland 3-2.

No other games were scheduled.

In the National League, St. Louis beat the New York Mets 3-1, Los Angeles overcame the Chicago Cubs 6-3, San Francisco blanked Houston 2-0, Philadelphia whopped Cincinnati 9-0 and Atlanta tripped Pittsburgh 4-1 before losing 4-1 in a two-night affair.

Manager Cal Ermer of the Twins took his loss in stride and counted on Cleveland to help clean out the crowd.

"I hope Joe Adecock, Indian manager," plays Chicago the same way he played us," Ermer said. "He saved his best pitchers for us, knocked our hitters down and played for keeps. Cleveland has seven games left with the White Sox and four left

with Boston, so the Indians could help us a great deal."

His losing pitcher, Dave Boswell, did some brooding after Luis Tiant outduelled him with a seven-hitter and singled in the two decisive runs in the fourth inning.

"I was told not to throw fastballs to Tiant because he was supposed to be a good fastball hitter," Boswell said. "So he hit a high slider."

The Twins managed two runs off Tiant, 9-9, in the sixth on Rod Carew's two-run bloop single before Tiant shut the door.

Detroit took full advantage behind Eddie Mathews and Earl Wilson.

Mathews, an old hand at helping win pennants, drove in three runs in the opener with two homers, the second capping a four-run seventh inning and snapping a 4-4 tie. His first shot tied the game 2-2 before Ramon Webster and Dick Green homered for the A's in the fifth.

Wilson made sure of becoming the first 20-game winner in the major leagues by belting a tie-breaking two-run homer in the seventh inning of the nightcap for a 4-3 lead.

The White Sox, as is their way, made the scene the hard way against still ambitious California, which had won four straight and seven of eight and could have climbed within five games of the top with a victory.

The Sox needed two runs in the 11th on pinch hitter Smokey Burgess' run-scoring double and a passed ball that let in another run to get to the 13th. Then Duane Josephson singled with one out in the 13th and Ken Berra ended the 4-hour, 43-minute battle with a run scoring double off Pete Grummo, the sixth California pitcher.

The Angels scored first in the 11th as two runs scored on Bubba Morton's single and a ground out.

## Pro Grid Squads Shuffle Players

By THE ASSOCIATED PRESS

Professional football teams continued to shuffle personnel Wednesday with several players cut by one club being picked up by another.

Miami of the American League claimed place kicker Booth Lusteg, who had been placed on waivers Tuesday by the Buffalo Bills. Lusteg, who scored 98 points last year on 19 of 39 field goals and 41 of 42 extra points, will battle veteran Gene Mingo for the Dolphins' placekicking job.

In the National League, another placekicker, Mac Percival, was dropped by Dallas and almost as quickly, claimed by Chicago.

Green Bay sliced fullback Jim Mankins and he was immediately claimed by Detroit. The Packers also traded tackle Dick Arndt to Pittsburgh for a high draft choice.

Los Angeles dropped a couple of familiar names. The Rams cut linebacker Dan Currie and tight end Bob Jencks and placed veteran defensive tackle Roosevelt Grier on the injured list.

Kansas City sent tight end Bill Masters to Buffalo and the Bills dropped defensive end Dave Daniels and tight end Bill McLeod.

Washington claimed Dick Smith, an offensive end and defensive back, who had been placed on waivers by Dallas. The Redskins made room for Smith by placing linebacker Larry Hendershot on waivers.

## Ball Injuries Fatal to Boy

MENDON, Mo. (AP) — A high school boy was hit in the neck with a softball Wednesday and died shortly after.

Harry McNow, 16, a senior from Rothville, was a runner at third base during a physical education game when he was hit by a thrown ball.

A physician at Marceline Hospital said the impact of the ball apparently had shut off the flow of blood.

## Soccer League Merger Possible

OAKLAND, Calif. (AP)—A 21-team National Professional Soccer League is a prospect for next year, says Ken Macker, commissioner of the circuit.

Officials of the 12-team National League and the 10-team United Soccer Association are discussing a merger, and a final decision may be made at a meeting in Chicago Friday.

## Fremont Cage Coach Takes Heidelberg Job

FREMONT, Ohio (AP) — Dick Norman, head basketball coach at Fremont Ross High School for six years, has resigned to accept a similar post at Heidelberg College in Tiffin.

Norman, former basketball captain at Ohio University, had 63-66 record at Fremont. At Heidelberg, Norman succeeds Matt Rock, who has accepted the athletic director's job at Marion Harding High School.

Ohio State will lead Big Ten teams in sophomore football players this fall with 42.

## Chiefs, Bills Favored In AFL's Title Chase

NEW YORK (AP) — The Denver Broncos handled the National Football League's Western Conference with ease, but they're not ready to take over the western part of the American League.

Still, the Broncos—in at least this opinion—will make the biggest strides in the AFL this season, advancing from fourth and last in the Western Division to third.

The Broncos, who have been the league's weakest link for so long, were virtually all alone during the exhibition schedule in challenging the NFL's alleged superiority over the AFL.

They took on two NFL opponents, both from the league's Western Conference, and beat them both—Detroit 13-7 and Minnesota 14-9.

Kansas City, however, is in a different league than the Lions and the Vikings, in more ways than one. The Chiefs have the most powerful team in the AFL and can't miss repeating as western champs. They also won't miss repeating as AFL champs.

The standings of both divisions should look like this in 16 weeks:

- East
1. Buffalo
  2. New York
  3. Boston
  4. Miami
  5. Houston
- West
1. Kansas City
  2. Oakland
  3. Denver
  4. San Diego

Just about everything in Denver is new this season—the coach, the personnel, the image.

After beating Detroit and Minnesota plus Oakland in exhibition play and then opening the season with a 26-21 decision over Boston, the Broncos can't be considered an automatic victory any more.

Lou Saban, who performed similar miracles at Buffalo a few years ago, has put together a competitive team, including a

potentially powerful backfield that is all new—quarterback Steve Tensi and fullback Cookie Gilchrist, acquired in trades; halfback Floyd Little, a rookie, and flanker Al Denson, a tight end last year.

While the Broncos are on the way up, San Diego is still on the way down from its once lofty position.

The Chargers have threats in the John Hadl-to-Lance Alworth passing combination and the running of Paul Lowe, but they're not enough to overcome what appears to be a porous defense and an inspired Denver team.

At the other end of the division, Kansas City hasn't lost any power from the team that

lost only two games in 1966.

Len Dawson is back to throw to Otis Taylor and Chris Burford, and Mike Garrett is back to give the defenses fits with his slippery running. The defense won't give any more ground than it did last year, either.

The eastern race should be closer but only because none of the contenders in that division is strong enough to run away from the others.

The Bills are seeking an unprecedented fourth consecutive division title, and they should get it, primarily because of their defense. The offense seems to lack punch but should give the defensive unit just enough help.

Everyone is waiting for Joe Namath and the New York Jets to explode, but they don't seem much more prepared to do it this year than last. There's nothing wrong with Namath, but there is something lacking in the defense, particularly in the secondary which was vulnerable last season.

The Jets will give the Bills a tough fight but in the end will wind up as runners-up.

## Leach and Myers Loft Wins 100 Mile Bird Race

The first 100 mile young bird pigeon race from Maysville, Ky. was won by Leach and Myers loft with a speed of 981.2166 yards per minute.

John Grabins Loft was second and third with speeds of 979.255 and 978.350 yards per minute.

The Iles loft came in fourth with a speed of 940.0449. The loft derby was won by the Leach and Myers loft with John Grabins winning the nomination bird.

There were nine lofts with 120 birds competing in the races.

## Letters To The Editor

**EDITOR'S NOTE** — We welcome letters to the editor. In order to be considered for publication, they must bear the correct name and address of the writer. Anonymous letters and those signed with the request that signatures be withheld will not be accepted for publication. Opinions expressed in this column are those of the writers and not necessarily those of The Herald.

Dear Sir:

It is the intent of this letter to shed a little light without generating any heat (concerning a letter of Sept. 5, 1967) on the subject of school colors at Circleville High School.

School colors remain red and black. The color of our road uniforms as selected, and so indicated on purchase orders, is and was Cardinal red — not crimson — which according to our latest reference materials, is any of several darker shades of the color red.

Manufacturers of athletic clothing have spent considerable amounts of time and effort in developing dyes and materials that will resist the rigorous use and treatment that athletic uniforms receive. Unfortunately, most athletic uniform cloth dyes somewhat darker than the same dye would appear on paper. Some colors are not available at all in uniforms, or are not recommended, because of the difficulty in the dying process.

The color, cardinal red, was recommended to us as being their most suitable and serviceable shade of red available at this time.

We are not intent on changing any of Circleville High Schools' rich traditions, rather, we are attempting to emphasize them. Certainly there is no desire to bring about a change in school colors.

Should any such movement be forthcoming, at any time, it would, of necessity, be brought about by the school administration through established policy.

Many of the readers of this newspaper have been defenders of "The Red and the Black", in their own fashion, for varied numbers of years. I feel confident that they will continue to support our schools and our athletic teams in fine fashion, regardless of the cut of the cloth or the shade of red in our uniforms.

Dear Editor:

"Fight on, my merry comrades, I'm a little wounded, but I am not slain; I will lay me down for to bleed a while. Then I'll rise and fight again!" (Stanza 18, Dryden's Miscellaneous, 1702)

The color of the 1967 "Tiger" football jerseys and headgear is RED. Rawlings Sporting Goods Manufacturers distinguishes the color as "cardinal" RED, number 02.

Personally, it looks RED to me! Whether it be "fire-engine" RED, "scarlet" RED, "cardinal" RED, or "crimson" RED which was worn by the 1966 "Tiger" basketball and track teams is still RED!

Thank God — black only comes in BLACK!

## S. Bloomfield Council Okays Fund Transfer

South Bloomfield Village Council transferred \$6,300 from the General Fund to the Street Repair and Maintenance Fund during a recent session.

In other business transacted by the council, a motion was made to accept the bid of Russell Hoover to install furnaces in the village building.

The clerk reported receiving applications for advance planning on a sewerage treatment project. A resolution was made to apply for the public works planning if it met with approval of the village attorney, David Kraft.

Ashland Oil Company was granted permission to cut the curb and remove trees on the property recently purchased in the village.

On the advice of the village attorney, there will be no public hearing on the re-zoning of Route 316. The area proposed to be re-zoned will remain residential.

Bills totaling \$8,211.37 were approved by council.

Mayor Lester George, who presided over the session, reported that all streets and alleys in the village had received a coat of tar and gravel.

Members present were LaDonna Haslep, Dale Pettibone, Arthur Deal Sr. and Russell Tootle.

## Court Clerk Issues 1,352 Vehicle Titles

The Pickaway County Clerk of Courts issued 1,352 titles for trucks, automobiles, boats and motors and trailers during August, according to a report filed by Sara M. Dresbach, clerk.

An addition to the titles, the office made notation of 533 liens and cancelled 476 liens.

A total of 174 new vehicles were sold to Pickaway County residents during the month.

Chevrolet led all new car and truck sales with a total of 42 reported. Ford recorded 12 new truck sales and 12 new auto sales during the month.

Local residents also purchased 13 new Mercurys, nine Pontiacs, Dodges and Oldsmobiles, six Buicks, Plymouths and Volkswagens. International trucks and Ramblers, two Chryslers, one Mercedes-Benz, MG, Cadillac, Ambassador, Dorsey, Simca, Divco truck and GMC truck.

In addition, 22 mobile homes were sold to local residents, four travel trailers, one motor scooter, three motorcycles and three boats and motors.

## Senators Dislike Secrecy Policy

WASHINGTON (AP) — Some senators are irritated because they're unable to use in debate classified information they acquire in dealing with military and foreign policy. They complain that secrecy requirements imposed by the Defense and State departments often hinder them in making an effective public case for viewpoints on controversial issues.

The protests have appeared with increasing frequency in floor discussions, committee hearings and official reports.

No senator has suggested elimination of the authority of the Defense and State departments to classify material in the interest of national security. The authority extends to transcripts of testimony of congressional committees at which representatives of those departments appear. But some members say the authority to keep information secret has been abused.

FRED H. BRAUN

## Plastics Firm Lists New Man

Fred H. Braun has been appointed purchasing agent and personnel manager of the Circleville division of Lincoln Molded Plastics, Inc.

Plant manager David D. Hanrahan, of the General American Transportation Corporation subsidiary, said Braun will replace K. E. Richardson, who resigned to accept a position in Detroit, Mich.

Braun, a native of Columbus, and a graduate of West High School, served for two years in the United States Navy. He attended Ohio State University and Franklin University. Prior to his association with Lincoln Molded Plastics, Inc., he was with Armstrong Furnace Co., Columbus.

He and his wife, Ruth, live in Columbus, with their three children.

"The members of the executive branch of the government have gone far out of line in classifying material to which the American people are entitled," commented Sen. Joseph S. Clark, D-Pa., during a debate on defense appropriations.

Chairman John C. Stennis, D-Miss., of the Senate preparedness subcommittee, has said Congress should "insist upon our right and not be satisfied

when the administration sends matters back and declares they are classified."

He suggested any agency seeking to keep secret the material it has submitted to Congress be required to appear before the appropriate committee to justify its position.

In debate over whether U.S. military aid to underdeveloped nations should be curtailed, for example, each side insisted it

could prove its case to the public if it were not for the secrecy requirement imposed by the executive branch.

"True debate is impossible under such a handicap," said Sen. Albert Gore, D-Tenn.

Urging approval of the cut-back, he questioned whether national security required secrecy for the amount of U.S. military aid that went to other nations.

Chairman J. W. Fulbright, D-Ark., of the Foreign Relations Committee said if all the facts about military aid were known "it would be difficult for the administration to obtain the money."

## Radcliff Named To Committee

William D. Radcliff, administrative assistant to the Supreme Court of Ohio, has been appointed to represent Pickaway County on the Governor's Committee to honor Ohio's Congressional Medal of Honor winners at Valley Forge, Pa.

The committee will raise funds to provide a monument, benches, paths and markers on "Ohio Acre" at Valley Forge. The project is sponsored by the Freedoms Foundation to honor the Nation's top war heroes from every state.

Radcliff, a Major in the United States Army during WW II, was Assistant Judge advocate of the Third Army Corps in Europe.

## Letters To The Editor

**EDITOR'S NOTE** — We welcome letters to the editor. In order to be considered for publication, they must bear the correct name and address of the writer. Anonymous letters and those signed with the request that signatures be withheld will not be accepted for publication. Opinions expressed in this column are those of the writers and not necessarily those of The Herald.

Dear Sir:

It is the intent of this letter to shed a little light without generating any heat (concerning a letter of Sept. 5, 1967) on the subject of school colors at Circleville High School.

School colors remain red and black. The color of our road uniforms as selected, and so indicated on purchase orders, is and was Cardinal red — not crimson — which according to our latest reference materials, is any of several darker shades of the color red.

Manufacturers of athletic clothing have spent considerable amounts of time and effort in developing dyes and materials that will resist the rigorous use and treatment that athletic uniforms receive. Unfortunately, most athletic uniform cloth dyes somewhat darker than the same dye would appear on paper. Some colors are not available at all in uniforms, or are not recommended, because of the difficulty in the dying process.

The color, cardinal red, was recommended to us as being their most suitable and serviceable shade of red available at this time.
